JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

FIFTY-FOURTH DAY, TUESDAY, APRIL 10, 2001

Speaker Pro Tem Abel in the Chair.

Prayer by Father David Buescher.

God of progress through human history, our state stands ready to acknowledge Your presence. We could use more enthusiasm for the tasks at hand, more hope that our efforts are going somewhere, faith not only in You but also in ourselves, and a recommitment to the charity that binds the family of humankind together.

For many of us, this week holds out the promise that even suffering can have meaning. For all of us, of whatever religion or of no particular faith, steer all the works, joys, and sufferings of this day towards happy conclusions in You. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jennifer Fowler, Alicia Leimkuehler, Sarah Yokley, Jordan Gerster, Patrick dePenaloza, Sarah Henke, Hannah Martin, Raheel Shaikh, Cissy Calvird, Lyndsey Patterson, Kenzie Tubbs, Eric Lu, Taylor Sasse, Caroline Sasse, Rachel Sasse, Kaleb Michael VanderFeltz and Christal Harris.

The Journal of the fifty-third day was approved as corrected by the following vote:

MESSAGE FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCR 28**, entitled:

SENATE CONCURRENT RESOLUTION NO. 28

WHEREAS, recent high fuel prices have alerted us to the need to improve our nation's policies on fuel production; and

WHEREAS, the Organization of Petroleum Exporting Countries (OPEC) has recently suggested that they will reduce crude oil production again in an attempt to manipulate prices; and

WHEREAS, reductions in crude oil production have resulted in sharp increases in prices for natural gas, gasoline and home heating oil; and

WHEREAS, the United States has become dangerously dependent on foreign petroleum; and

WHEREAS, Missouri consumers are experiencing higher prices at the pump and in home heating costs, and the economic stability of many areas of the state which rely on tourism may be jeopardized if the number of persons traveling to Missouri's vacation destinations is significantly reduced due to increased gasoline prices; and

WHEREAS, the trucking industry, heavily dependent on the availability and price of gasoline and diesel fuel, has been especially hard hit by the increase in fuel costs that have resulted in a significant increase in the transportation costs associated with the delivery of consumer goods throughout the state. Such an increase in cost to the trucking industry will inevitably be passed along to consumers as an increase in the price of consumer goods; and

WHEREAS, the increased petroleum fuel costs is particularly detrimental to Missouri family farmers because it comes at a time when overall market prices are low; and

WHEREAS, fuel prices could be reduced by increasing domestic production and encouraging the development of markets for products that can be used as the source material for renewable alternative fuels:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate of the Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to actively address the issue of fuel prices and take immediate actions necessary to reduce our nation's dependency on foreign petroleum sources and boost our own economy by:

(1) Enacting reasonable price supports for domestically produced crude oil and for solar and other alternative fuel sources and in other ways encouraging exploration for domestic petroleum sources in a manner that does not adversely impact the environment;

(2) Encouraging and creating incentives for fuel conservation measures that do not harm the economy; and

(3) Encouraging and creating incentives for research, development and use of alternative fuel sources, including ethanol and other fuels made from renewable materials that would not only reduce our dependency on foreign petroleum, but also have the potential to improve environmental protection and boost local economies; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.

In which the concurrence of the House is respectfully requested.

On motion of Representative Crump, the House recessed until 2:00 p.m.

AFTERNOON SESSION

The hour of recess having expired, the House was called to order by Speaker Kreider.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Caitlin Vaughn.

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff's failure to wear a safety belt in violation of this section contributed to the plaintiff's claimed injuries, and may reduce the amount of the plaintiff's recovery by an amount not to exceed one percent of the damages awarded after any reductions for comparative negligence.

5. Each driver who violates the provisions of subsection 2 or 3 of this section is guilty of an infraction for which a fine not to exceed [ten] **one hundred** dollars may be imposed. When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award shall be paid. Any award pursuant to this subsection is specifically not a claim against the state, if it cannot be paid due to a lack of funds in the crime victims' compensation fund.

[14.] **15.** When judgment is entered against a defendant as provided in this section and such sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Missouri to such defendant an amount equal to the unpaid amount of such judgment. Such amount shall be paid forthwith to the crime victims' compensation fund and satisfaction of such judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

[15.] **16.** All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid into the crime victims' compensation fund and not into the general revenue of this state.

[16.] **17.** Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

[17.] **18.** Any gifts, contributions, grants or federal funds specifically given to the division for the benefit of victims of crime shall be credited to the crime victims' compensation fund. Payment or expenditure of moneys in such funds shall comply with any applicable federal crime victims' compensation laws, rules, regulations or other applicable federal guidelines."; and

JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

FIFTY-FIFTH DAY, WEDNESDAY, APRIL 11, 2001

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God: we are told that if we seek we shall find, if we knock it will be opened to us. Help us to trust this truth of faith; and as a battery is recharged without a sound, so send Your Spirit and Your blessings into the hearts of the men and women of this House and their staff, that they may be enriched.

With a lightness of Spirit, renewed patience and inner peace, let them be ready for the challenges of this legislative day. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ronald London, Leslie Smith, Andrew Stout, Kathleen Haight, Antoine Miller, Laura Frasher, Ryan Hays, David Randolph, Zachary Tennant, Alex Brooke, Cody Jackson, Sarah Walton, D.J. JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

FIFTY-SIXTH DAY, THURSDAY, APRIL 12, 2001

Speaker Pro Tem Abel in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God: We come before You in this moment of prayer. Protect us from the error of seeking Your guidance in our public life, while we close the door to You in our private living.

Help us all to be good men and women. And bless again the members of this House. Keep them willing to ask, before they make a decision, what Your love would have them do. And then, give them the courage so to act. We ask this in Your Holy Name. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Bryce Sullens, Megan Bickett, Frankie Morgan, Bridget Sandridge, Kristi Buchanan, Matthew Byrd, Priscilla Frazier, T.J. BILL IN CONFERENCE

CCR SCS HCS HB 15 - Green (73)

JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

FIFTY-SEVENTH DAY, TUESDAY, APRIL 17, 2001

Speaker Pro Tem Abel in the Chair.

Prayer by Father David Buescher.

Heavenly Father, for many of us, these past days have been resonant with the sounds and music of Passover or Easter. Believers and non-believers alike treasure new life, re-birth, transformations from sadness to joy, and the togetherness of family. Let attitudes like those continue to radiate from the hearts and minds of these men and women, our elected representatives, that they might glow with promise and expectation.

It is the middle of April already, and the session continues towards its close, busily, sometimes almost severely. With Your help, may this day end in the delight of a job well done, a day well spent. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jackie Perkovic, Kelly Harbke, Emily Lagura, Deanah McClendon, Tamra Butler, Willie Penson, Caitlyn Schott, Jonathan Snow, Michael Jacobs, Erin Melton, Dana Rathert and D.J. Redmund.

The Journal of the fifty-sixth day was approved as corrected by the following vote:

House Amendment No. 21

AMEND House Substitute for House Committee Substitute for House Bill Nos. 835, 90, 707, 373, 641, 510, 516 & 572, Page 90, Section 578.610, Line 9 of said page, by inserting after all of said section the following:

"595.030. 1. No compensation shall be paid unless the claimant has incurred an out-of-pocket loss of at least fifty dollars or has lost two continuous weeks of earnings or support from gainful employment. "Out-of-pocket loss" shall mean unreimbursed or unreimbursable expenses or indebtedness reasonably incurred for medical care or other services, including psychiatric, psychological or counseling expenses, necessary as a result of the crime upon which the claim is based, except that the amount paid for psychiatric, psychological or counseling expenses per eligible claim shall not exceed two thousand five hundred dollars. [Fifty dollars shall be deducted from any award granted under sections 595.010 to 595.075, except that an award to a person sixty-five years of age or older is not subject to any deduction.]

2. No compensation shall be paid unless the division of workers' compensation finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the division of workers' compensation finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse,

or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family.

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

4. No compensation shall be paid for psychiatric treatment or other counseling services, including psychotherapy, unless the service provider is a:

(1) Physician licensed pursuant to chapter 334, RSMo, or licensed to practice medicine in the state in which the service is provided;

(2) Psychologist licensed pursuant to chapter 337, RSMo, or licensed to practice psychology in the state in which the service is provided;

(3) Clinical social worker licensed pursuant to chapter 337, RSMo; or

(4) Professional counselor licensed pursuant to chapter 337, RSMo.

5. Any compensation paid [under] **pursuant to** sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not to exceed two hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

6. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed two hundred dollars per week; provided, however, that no award [under] **pursuant to** sections 595.010 to 595.075 shall exceed [fifteen] **twenty-five** thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the division of workers' compensation among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation [under] **pursuant to** sections 595.010 to 595.075 shall be determined by the division.

595.035. 1. For the purpose of determining the amount of compensation payable pursuant to sections 595.010 to 595.075, the division of workers' compensation shall, insofar as practicable, formulate standards for the uniform application of sections 595.010 to 595.075, taking into consideration the provisions of sections 595.010 to 595.075, the rates and amounts of compensation payable for injuries and death [under] **pursuant to** other laws of this state and of the United States, excluding pain and suffering, and the availability of funds appropriated for the purpose of sections 595.010 to 595.075. All decisions of the division of workers' compensation on claims heard [under] **pursuant to** sections 595.010 to 595.075 shall be in writing, setting forth the name of the claimant, the amount of compensation and the reasons for the decision. The division of workers' compensation shall immediately notify the claimant in writing of the decision and shall forward to the state treasurer a certified copy of the decision and a warrant for the amount of the claim. The state treasurer, upon certification by the commissioner of administration, shall, if there are sufficient funds in the crime victims' compensation fund, pay to or on behalf of the claimant the amount determined by the division.

2. The crime victims' compensation fund is not a state health program and is not intended to be used as a primary payor to other health care assistance programs, but is a public, quasi-charitable fund whose fundamental purpose is to assist victims of violent crimes through a period of financial hardship, as a payor of last resort. Accordingly, any compensation paid pursuant to sections 595.010 to 595.075 shall be reduced by the amount of any payments, benefits or awards received or to be received as a result of the injury or death:

(1) From or on behalf of the offender;

(2) Under private or public insurance programs, including champus, Medicare, Medicaid and other state or federal programs, **but not including any life insurance proceeds**; or

(3) From any other public or private funds, including an award payable [under] **pursuant to** the workers' compensation laws of this state.

3. In determining the amount of compensation payable, the division of workers' compensation shall determine whether, because of the victim's consent, provocation, incitement or negligence, the victim contributed to the infliction of the victim's injury or death, and shall reduce the amount of the compensation or deny the claim altogether, in accordance with such determination; provided, however, that the division of workers' compensation may disregard the responsibility of the victim for his **or her** own injury where such responsibility was attributable to efforts by the victim to aid a victim, or to prevent a crime or an attempted crime from occurring in his **or her** presence, or to apprehend a person who had committed a crime in his **or her** presence or had in fact committed a felony.

4. In determining the amount of compensation payable pursuant to sections 595.010 to 595.070, monthly Social Security disability or retirement benefits received by the victim shall not be considered by the division as a factor for reduction of benefits.

5. The division shall not be liable for payment of compensation for any out-of-pocket expenses incurred more than three years following the date of the occurrence of the crime upon which the claim is based.”; and

BILL IN CONFERENCE

CCR SCS HCS HB 15 - Green (73)

JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, WEDNESDAY, APRIL 18, 2001

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God: the sky is a rich blue. The grass is a deep green. The Spring air is fresh. These halls are alive with Missouri's children. Thank you. Bless the men and women of the House on this new day.

Help them to make good decisions. Protect them from narrow self-interest. Keep before them the absolutes of life, honesty, justice and obedience to what You require. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

- 2. **The motion must allege facts under oath demonstrating that:**
 - (1) **There is evidence upon which DNA testing can be conducted; and**
 - (2) **The evidence was secured in relation to the crime; and**
 - (3) **The evidence was not previously tested by the movant because:**
 - (a) **The technology for the testing was not reasonably available to the movant at the time of the trial;**
 - (b) **Neither the movant nor his or her trial counsel was aware of the existence of the evidence at the time of trial; or**
 - (c) **The evidence was otherwise unavailable to both the movant and movant's trial counsel at the time of trial; and**
 - (4) **Identity was an issue in the trial; and**
 - (5) **The evidence to be tested has been subject to a chain of custody sufficient to establish that it has not been substituted, tampered with, replaced or altered in any material aspect; and**
 - (6) **A reasonable probability exists that the movant would not have been convicted if exculpatory results had been obtained through the requested DNA testing.**

- 3. **Movant shall file the motion and two copies thereof with the clerk of the sentencing court. The clerk**

shall file the motion in the original criminal case and shall immediately deliver a copy of the motion to the prosecutor.

4. The court shall issue to the prosecutor an order to show cause why the motion should not be granted unless:

- (1) It appears from the motion that the movant is not entitled to relief; or
- (2) The court finds that the files and records of the case conclusively show that the movant is not entitled to relief.

5. Upon the issuance of the order to show cause, the clerk shall notify the court reporter to prepare and file the transcript of the trial or the movant's guilty plea and sentencing hearing if the transcript has not been prepared or filed.

6. If the court finds that the motion and the files and records of the case conclusively show that the movant is not entitled to relief, a hearing shall not be held. If a hearing is ordered, counsel shall be appointed to represent the movant if the movant is indigent. The hearing shall be on the record. Movant need not be present at the hearing. The court may order that testimony of the movant shall be received by deposition. The movant shall have the burden of proving the allegations of the motion by a preponderance of the evidence.

7. The court shall order appropriate testing if the court finds:

- (1) A reasonable probability exists that the movant would not have been convicted if exculpatory results had been obtained through the requested DNA testing; and
- (2) That movant is entitled to relief.

Such testing shall be conducted by a facility mutually agreed upon by the movant and by the state and approved by the court. If the parties are unable to agree, the court shall designate the testing facility. The court shall impose reasonable conditions on the testing to protect the state's interests in the integrity of the evidence and the testing process.

8. The court shall issue findings of fact and conclusions of law whether or not a hearing is held.”; and

House Amendment No. 2

AMEND House Substitute for House Committee Substitute for House Bill Nos. 280, 69, 497 & 689, Page 73, Section 321.247, by inserting after all of said section the following:

“321.300. 1. The boundaries of any district organized pursuant to the provisions of this chapter may be changed in the manner prescribed in this section; but any change of boundaries of the district shall not impair or affect its organization or its rights in or to property, or any of its rights or privileges whatsoever; nor shall it affect or impair or discharge any contract, obligation, lien or charge for or upon which it might be liable or chargeable had any change of boundaries not been made.

2. The boundaries may be changed as follows:

(1) Twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed may file with the board a petition in writing praying that such real property be included within the district; provided that in the case of a municipality having less than twenty percent of its total population in one fire protection district, the entire remaining portion may be included in another district so that none of the city is outside of a fire protection district at the time. The petition shall describe the property to be included in the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in the district of the property described in the petition; and such petition shall be in substantially the form set forth in section 321.495 dealing with referendums and verified in like manner; provided, however, that in the event that there are more than twenty-five property owners or taxpaying electors signing the petition, it shall be deemed sufficient description of their property in the petition as required in this section to list the addresses of such property; or

(2) All of the owners of any territory or tract of land near or adjacent to a fire protection district who own all of the real estate in such territory or tract of land may file a petition with the board praying that such real property be included in the district. The petition shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in the district of the property described in the petition;

(3) Notwithstanding any provision of law to the contrary, in any fire protection district which is partly or wholly located in a noncharter county of the first classification with a population of less than one hundred thousand which adjoins any county of the first classification with a charter form of government with a population of nine hundred thousand or more inhabitants, if such fire protection district serves any portion of a city which is located in both such counties, the boundaries of the district may be expanded so as to include the entire city within the fire protection district, but the boundaries of the district shall not be expanded beyond the city limits of such city, as the boundaries of such city existed on January 1, 1993. Such change in the boundaries of the district shall be accomplished only if twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed file with the board a petition in writing praying that such real property be included within the district. The petition shall describe the property to be included in the district and shall describe the property owned by the petitioners and shall be deemed to give assent of the petitioners to the inclusion in the district of the property described in the petition; and such petition shall be in substantially the form set forth in section 321.495 dealing with referendums and verified in like manner.

3. The secretary of the board shall cause notice of the filing of any petition filed pursuant to this section to be given and published in the county in which the property is located, which notice shall recite the filing of such petition, the number of petitioners, a general description of the boundaries of the area proposed to be included and the prayer of the petitioners; giving notice to all persons interested to appear at the office of the board at the time named in the notice and show cause in writing, if any they have, why the petition should not be granted. The board shall at the time and place mentioned, or at such time or times to which the hearing may be adjourned, proceed to hear the petition and all objections thereto presented in writing by any person showing cause why the petition should not be granted. The failure of any person interested to show cause in writing why such petition shall not be granted shall be deemed as an assent on his part to the inclusion of such lands in the district as prayed for in the petition.

4. If the board deems it for the best interest of the district, it shall grant the petition, but if the board determines that some portion of the property mentioned in the petition cannot as a practical matter be served by the district, or if it deems it for the best interest of the district that some portion of the property in the petition not be included in the district, then the board shall grant the petition in part only. If the petition is granted, the board shall make an order to that effect and file the same with the circuit clerk; and upon the order of the court having jurisdiction over the district, the property shall be included in the district. If the petition contains the signatures of all the owners of the property

pursuant to the provisions of subdivision (2) of subsection 2 of this section, the property shall be included in the district upon the order of the court. If the petition contains the signatures of twenty-five percent of the number of voters who voted in the most recent gubernatorial election in the area to be annexed pursuant to subdivision (1) or subdivision (3) of subsection 2 of this section, the property shall be included in the district subject to the election provided in section 321.301. The circuit court having jurisdiction over the district shall proceed to make any such order including such additional property within the district as is provided in the order of the board, unless the court shall find that such order of the board was not authorized by law or that such order of the board was not supported by competent and substantial evidence.

5. Any city annexing an area protected by an existing fire district shall reimburse such district for any outstanding obligations and equipment which was attributable to or was used for providing fire protection service in such area annexed.

[5.] 6. Any person aggrieved by any decision of the board made pursuant to the provisions of this section may appeal that decision to the circuit court of the county in which the property is located within thirty days of the decision by the board.

[6.] 7. No fire protection district, or employee thereof, in which territory is annexed pursuant to this section shall be required to comply with any prescribed firefighter training program or regimen which would not otherwise apply to the district or its employees, but for the requirements applicable to the annexed territory."; and

Further amend said title, enacting clause and intersectional references accordingly.

Representative Froelker offered **House Amendment No. 3**.

After the ambulance district has been declared organized, the declaring county commission, except in counties of the second class having more than one hundred five thousand inhabitants located adjacent to a county of the first class having a charter form of government which has a population of over nine hundred thousand inhabitants, shall divide the district into six election districts as equal in population as possible, and shall by lot number the districts from one to six inclusive. The county commission shall cause an election to be held in the ambulance district within ninety days after the order establishing the ambulance district to elect ambulance district directors. Each voter shall vote for one director from the ambulance election district in which the voter resides. The directors elected from districts one and four shall serve for a term of one year, the directors elected from districts two and five shall serve for a term of two years, and the directors from districts three and six shall serve for a term of three years; thereafter, the terms of all directors shall be three years. All directors shall serve the term to which they were elected or appointed, and until their successors are elected and qualified, except in cases of resignation or disqualification. The county commission shall reapportion the ambulance districts within sixty days after the population of the county is reported to the governor for each decennial census of the United States. Notwithstanding any other provision of law, if the number of candidates for the office of director is no greater than the number of directors to be elected, no election shall be held, and the candidates shall assume the responsibilities of their offices at the same time and in the same manner as if they have been elected.

2. In all counties of the second class having more than one hundred five thousand inhabitants located adjacent to a county of the first class having a charter form of government which has a population of over nine hundred thousand inhabitants, the voters shall vote for six directors elected at large from within the district for a term of three years. Those directors holding office in any district in such a county on August 13, 1976, shall continue to hold office until the expiration of their terms, and their successors shall be elected from the district at large for a term of three years. In any district formed in such counties after August 13, 1976, the governing body of the county shall cause an election to be held in that district within ninety days after the order establishing the ambulance district to elect ambulance district directors. 3. A candidate for director of the ambulance district shall, at the time of filing, be a citizen of the United States, a qualified voter of the election district as provided in subsection 1 of this section, a resident of the [state for one year] **district for two years** next preceding the election, and shall be at least [twenty-one] **twenty-four** years of age. In an established district which is located within the jurisdiction of more than one election authority, the candidate shall file his **or her** declaration of candidacy with the secretary of the board. In all other districts, a candidate shall file [his] **a** declaration of candidacy with the county clerk of the county in which he **or she** resides. A candidate shall file a statement under oath that he **or she** possesses the required qualifications. No candidate's name shall be printed on any official ballot unless the candidate has filed a written declaration of candidacy pursuant to subsection 5 of section 115.127, RSMo. If the time between the county commission's call for a special election and the date of the election is not sufficient to allow compliance with subsection 5 of section 115.127, RSMo, the county commission shall, at the time it calls the special election, set the closing date for filing declarations of candidacy."; and

Any two or more contiguous ambulance districts may, by a majority vote of the governing body of each district or by a petition signed by at least seventy-five percent of the owners of real property in the affected area, provide for territory located in one district to be annexed and served by a contiguous district. Notice of the proposed annexation shall be filed with the circuit court in the county in which the affected area is located, or in the circuit court of the county in which the greater physical portion of the affected area is located in the event that such area is located in more than one county. The court shall set a date for a hearing on the proposed annexation and shall cause notice to be published in the same manner as section 190.020.

2. If the court, after the hearing, finds that the proposed annexation would not be in the public interest, it shall order that the annexation not be allowed. If the court finds the proposed annexation to be in the public interest, it shall approve the annexation and the territory shall be detached from one or more districts and annexed to the other district or districts. The court shall not approve any boundary changes pursuant to this section until all districts involved in such change have provided for, and agreed upon, a plan of compensation for, or assumption of, the outstanding debt attributable to the affected area to be annexed.

3. After the annexation is approved, each district shall amend its decree of incorporation to reflect the change in its boundaries as a result of the annexation, and the governing body of the county shall, prior to any subsequent election for ambulance district board members, redivide any election districts established pursuant to section 190.050. A certified copy of the amended decree showing the boundary change and the new subdistricts shall be filed in the office of the recorder of deeds, in the office of the county clerk in each county having territory in the district and in the office of the secretary of state.

4. The costs incurred in the enlargement or extension of the district shall be taxed to the district being enlarged or extended, unless otherwise provided by the districts in an agreement approved by the circuit court; provided that, no costs shall be taxed to the directors of the district."; and

JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

SIXTIETH DAY, MONDAY, APRIL 23, 2001

Speaker Kreider in the Chair.

Prayer by Father David Buescher.

God, another week is here, and as this session of our House of Representatives speeds too quickly towards its closing days, a moment for us all to prioritize again may well be in our best interest. Help to dispose our minds again to those notions and views which will make a difference in people's lives.

Arrange our hearts once more toward those perspectives which will bond us for the better in the ways we relate with each other. Order our souls again into that sacred space which can only lead to the good, the true, the beautiful. In the best traditions of this Chamber, spur our House on to reach for justice and decency. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Bailey Gruben and Alisha Mehrhoff.

The Journal of the fifty-ninth day was approved as corrected by the following vote:

3. In the event of a lapse of the school district's corporate organization as described in subsections 1 and 4 of section 162.081, RSMo, the general administration and responsibility for the proper operation of the retirement system shall continue to be vested in a twelve-person board of trustees, all of whom shall be resident taxpayers of a city, other than a city not within a county, of four hundred thousand or more. In such event, if vacancies occur in the offices of the four trustees appointed, prior to the lapse, by the board of education, or in the offices of the four trustees elected, prior to the lapse, by the members of the retirement system, or in the office of trustee held, prior to the lapse, by the superintendent of schools in the school district, as provided in subdivisions (1), (2) and (3) of subsection 1 of this section, the board of trustees shall appoint a qualified person to fill each such vacancy and subsequent vacancies in the office of trustee for terms of up to four years, as determined by the board of trustees.

Such oath shall be subscribed to by the trustee making it and filed in the office of the clerk of the circuit court.

[4.] 5. Each trustee shall be entitled to one vote in the board of trustees. Seven trustees shall constitute a quorum at any meeting of the board of trustees. At any meeting of the board of trustees where a quorum is present, the vote of

[5.] 6. The board of trustees shall have exclusive original jurisdiction in all matters relating to or affecting the funds herein provided for, including, in addition to all other matters, all claims for benefits or refunds, and its action, decision or determination in any matter shall be reviewable in accordance with chapter 536, RSMo, or chapter 621, RSMo. The board of trustees shall appoint an executive director who shall serve as the administrative officer of the retirement system and as secretary to the board of trustees. It shall employ one or more persons, firms or corporations experienced in the investment of moneys to serve as investment counsel to the board of trustees. [7.] 8. The board of trustees shall keep in convenient form such data as shall be necessary for actuarial valuations of the various funds of the retirement system and for checking the experience of the system.

[8.] 9. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall prepare annually and furnish to the board of education and to each member of the retirement system who so requests a report showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

[9.] 10. The board of trustees shall have, in its own name, power to sue and to be sued, to enter into contracts, to own property, real and personal, and to convey the same; but the members of such board of trustees shall not be personally liable for obligations or liabilities of the board of trustees or of the retirement system.

[10.] 11. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

[11.] 12. The board of trustees shall designate a medical board to be composed of three physicians who shall not be eligible for membership in the system and who shall pass upon all medical examinations required under the provisions of sections 169.270 to 169.400, shall investigate all essential statements and certificates made by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it.

[12.] 13. The board of trustees shall designate an actuary who shall be the technical advisor of the board of trustees on matters regarding the operation of the retirement system and shall perform such other duties as are required in connection therewith. Such person shall be qualified as an actuary by membership as a Fellow of the Society of Actuaries or by similar objective standards.

[13.] 14. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the members, retirants and beneficiaries of the retirement system and, taking into account the results of such investigation, the board of trustees shall adopt for the retirement system such actuarial assumptions as the board of trustees deems necessary for the financial soundness of the retirement system.

[14.] 15. On the basis of such actuarial assumptions as the board of trustees adopts, the actuary shall make annual valuations of the assets and liabilities of the funds of the retirement system.

[15.] 16. The rate of contribution payable by the employer shall equal one and ninety-nine one-hundredths percent, effective July 1, 1993; three and ninety-nine one-hundredths percent, effective July 1, 1995; five and ninety-nine one-hundredths percent, effective July 1, 1996; seven and one-half percent effective January 1, 1999, and for all subsequent years.

17. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, RSMo, no retirement system, nor any of the assets of any retirement system, shall be transferred to or merged with another retirement system without prior approval of such transfer or merger by the board of trustees of the retirement system.

169.301. 1. Any active member who has completed five or more years of actual (not purchased) creditable service shall be entitled to a vested retirement benefit equal to the annual service retirement allowance provided in

sections 169.270 to 169.400 payable after attaining the minimum normal retirement age and calculated in accordance with the law in effect on the last date such person was a regular employee; provided, that such member does not withdraw such person's accumulated contributions pursuant to section 169.328 prior to attaining the minimum normal retirement age.

2. Any member who elected on October 13, 1961, or within thirty days thereafter, to continue to contribute and to receive benefits under sections 169.270 to 169.400 may continue to be a member of the retirement system under the terms and conditions of the plan in effect immediately prior to October 13, 1961, or may, upon written request to the board of trustees, transfer to the present plan, provided that the member pays into the system any additional contributions with interest the member would have credited to the member's account if such person had been a member of the current plan since its inception or, if the person's contributions and interest are in excess of what the person would have paid, such person will receive a refund of such excess. The board of trustees shall adopt appropriate rules and regulations governing the operation of the plan in effect immediately prior to October 13, 1961.

3. Should a retirant again become an active member, such person's retirement allowance payments shall cease during such membership and shall be recalculated upon subsequent retirement to include any creditable service earned during the person's latest period of active membership **in accordance with subsection 2 of section 169.324.**

169.315. 1. The board of trustees shall adopt rules and regulations which shall permit members to purchase creditable service under the circumstances provided for in this section. Such rules and regulations shall specify, for each such designated circumstance:

- (1) The manner in which the employee contributions required to purchase such service shall be calculated;
- (2) The manner in which any employer contributions required for such service shall be calculated;
- (3) The maximum amount of service that may be purchased, if any;
- (4) The time by which the election to purchase service shall be made and the period over which such contributions shall be paid; and
- (5) Any other requirements the member must satisfy in order to be eligible to purchase service in such circumstance.

All such rules and regulations shall be applied on a uniform and nondiscriminatory basis so that all members are treated similarly under similar circumstances.

2. Any active member who ceased to be a regular employee and received a refund of contributions and interest attributable to a prior period of service with [the district in which the retirement system is established] **any employer** may, after reemployment as a regular employee and prior to retirement, elect to reinstate any creditable service the member forfeited by purchasing such service in accordance with the rules and regulations adopted by the board of trustees.

3. Any active member who has rendered service in a public school district or public library within the state of Missouri but outside of the district in which the retirement system is established, or in a college, junior college or university within the state of Missouri may elect to purchase and receive credit for such service in accordance with the rules and regulations adopted by the board of trustees.

4. Any active member who has rendered service in a public school district, public library, college, junior college or university outside the state of Missouri may elect to purchase and receive credit for such service in accordance with the rules and regulations adopted by the board of trustees; provided that, such member shall pay to the retirement system, in addition to all required employee contributions, the required amount of employer contributions, plus interest, for each year of creditable service being purchased.

5. Any active member who was, prior to becoming a member, employed by a private school, college or university on a full-time basis and duly certified under the law governing the certification of teachers during all of such employment may elect to purchase and receive credit for such private school service in accordance with the rules and regulations adopted by the board of trustees; provided that, such member shall pay to the retirement system, in addition to all required employee contributions, the required amount of employer contributions, plus interest, for each year of creditable service being purchased. As used in this section, the term "private school" means a school which is not a part of the public school system of the state of Missouri and which charges tuition for the rendering of elementary, secondary educational or post-secondary educational services.

6. Any active member who, voluntarily or involuntarily, enters service in the armed forces of the United States or other national defense service may, after reemployment and prior to retirement, elect to purchase and receive credit for such military service in accordance with the rules and regulations adopted by the board of trustees and with the laws governing the reemployment rights of veterans.

169.324. 1. The annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. For any member [retiring] **who retires as an active member** on or after June 30, 1999, the annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. Any member whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, [that provides for the foregoing formula for determining the annual service retirement allowance] shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993[, that provides for the foregoing formula for determining the annual service retirement allowance]. Provided, however, that, effective January 1, 1996, any retiree who retired on, before or after January 1, 1996, with at least twenty years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326. Provided, further, any retiree who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326). Any beneficiary of a deceased retiree who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections 169.580 and 169.585, [a retirant may not receive a retirement allowance payment in] **payment of a retirant's retirement allowance will be suspended for** any month for which such person receives remuneration from the person's employer **or from any other employer in the retirement system established by section 169.280** for the performance of services except such person may serve as a nonregular substitute, part-time or temporary employee for [not to exceed five] **no more than six** hundred [thirty] hours in any school year without becoming a member and without having the person's retirement allowance discontinued. **If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, section 169.580 or section 169.585 or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:**

(1) **The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of section 169.324 had payments not been suspended during the person's reemployment; and**

(2) **An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average annual compensation as of the second retirement date.**

The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the [fourth] **second** January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance

payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and the first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the statutory contribution rate;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retirant.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provide, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retirant pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

[6.] 7. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission."; and

(d) **A period of up to five years during which a member was involuntarily laid off in a staff reduction by the board of education after 1980, provided the member was restored to full-time employment and the member did not receive a refund of the member's accumulated contributions for credited service rendered prior to the layoff;**

(e) **Service for which the member received a refund of the member's accumulated contributions;**

(f) **Up to three years of service rendered in a school, which is not part of the public school system of this state and which charged tuition for the rendering of elementary and secondary educational services, as a full-time employee who was duly certified under the law governing the certification of teachers during all of such years of employment;**

(5) The member must pay for the purchase of service [after January 1, 1944, the total amount of member's contributions for such years being purchased plus interest at the rates fixed by the board of trustees with the contributions based on the compensation at which the member initially was employed in this school district and the contribution rates then in effect;

(6) If all service after January 1, 1944, for which a member is eligible has been purchased and it is less than ten years, the member may apply for credit for service prior to January 1, 1944, provided the total credit does not exceed ten years, subject to applicable conditions and limitations in this subsection, but no payment shall be required;] **in the amount required by the rules and regulations established by the board of trustees of the retirement system;**

(8) Any credit granted for service outside the school district prior to January 1, 1944, pursuant to subsection 2 of this section shall be included in determining whether any additional credit may be obtained pursuant to this subsection.

12. An active member who is involuntarily laid off in a staff reduction by the board of education or board of regents after 1980 may, if the member is restored to full-time employment, elect to purchase and receive credit for service retirement for the period of such layoff in accordance with the following conditions and limitations:

(3) The maximum period of creditable service which may be credited pursuant to this subsection is five years;

(4) The member shall pay for the purchase of creditable service the total cost of such service as determined by the board of trustees based on accepted actuarial methods using the same assumptions used by the retirement system at the time of such election. Such cost shall include both the employee's and the system's share of the cost of such credited service;

(5) The member shall make payment in full for the purchase of creditable service pursuant to this subsection over a period not to exceed five years, measured from the date of election, or prior to the effective date of retirement of the member, whichever is earlier, and with interest compounded annually at the rate established by the board of trustees.

[Should] **If** any such [disability beneficiary refuse] **member receiving a disability pension refuses** to submit to such medical examination, his [allowance] **or her benefit** may be discontinued until his **or her** withdrawal of such refusal, and [should] **if his or her refusal [continue] continues** for one year, all rights in and to his **or her** pension may be revoked by the board of trustees.

7. [Should] **If** the board of trustees [find] **finds** that any [disability retirant] **member receiving a disability pension** is engaged in or is able to engage in a gainful occupation paying more than the difference between his [retirement allowance] **or her disability pension** plus benefits, if any, to which he **or she** and his **or her** family are eligible under the federal Old Age, Survivors and Disability Insurance System of the Social Security Act and the current rate of monthly compensation for the position he **or she** held at retirement, then the amount of his [retirement allowance] **or her disability pension** shall be reduced to an amount which together with the amount earnable by him **or her** shall equal such current rate of monthly compensation. [Further adjustments in the disability retirement allowance because of earnings changes shall be made by the board of trustees.] The decisions of the board of trustees in regard to such modification of disability [allowance] **benefits** shall be final and conclusive.

8. [Should] **If** any [disability retirant be] **member receiving a disability pension** is restored to service as an employee, he **or she** shall again become [a] **an active** member of the retirement system and contribute thereunder. [If he is under age sixty at date of again becoming a member, his creditable] **His or her credited** service at the time of his **or her** retirement **for disability** shall be restored [to full force and effect,] and the excess of his **or her** accumulated contributions at **his or her** retirement **for disability** over the total **disability pension** payments which he **or she** received [during retirement] shall be credited to his **or her** account. [If he is age sixty or over, his disability retirement allowance shall cease and be resumed upon subsequent retirement, together with such retirement allowance as shall accrue by reason of his latest period of membership.]

9. If a member with fewer than five years credited service ceases to be an employee, except by death, he or she shall be paid the amount of his or her accumulated contributions in accordance with applicable provisions of the Internal Revenue Code.

[9. Should] **10. If** a member [cease] **with five years or more credited service ceases** to be an employee, except by death or retirement, he **or she** shall be paid on demand the amount of his **or her** accumulated contributions [standing to the credit of his individual account, provided that a member with five or more years of creditable service may leave], **or he or she may leave** his **or her** accumulated contributions with the retirement system and be an inactive member and claim a retirement [allowance] **benefit** at any time after he **or she** reaches the minimum age for [voluntary] retirement, **except that if such a member's accumulated contributions do not exceed the involuntary distribution limits pursuant to provisions of the Internal Revenue Code, the member must elect to become an inactive member within thirty days of employment separation to avoid application of the involuntary distribution provisions of the Internal Revenue Code.** When [his claim is presented] **an inactive member presents his or her valid claim** to the board of trustees, he **or she** shall be granted [an allowance] **a benefit** at such time and for such amount as is available [under] **pursuant to** subsection 2 or 3 of this section in accordance with the provisions of law in effect at the time his **or her** active membership ceased. The accumulated contributions of an inactive member may be withdrawn at any time upon ninety days' notice or such shorter notice as is approved by the board of trustees. [Should a] **If an inactive member [die] dies** before retirement, his **or her** accumulated contributions shall be paid to his **or her** designated beneficiary, if living, otherwise to the estate of the member. A member's accumulated contributions shall not be paid to him **or her** so long as he **or she** remains in service as an employee.

[10.] **11.** Any member upon retirement shall receive his [benefit in a retirement allowance] **or her pension** payable throughout life subject to the provision that if his **or her** death occurs before he **or she** has received total benefits at least as large as his **or her** accumulated contributions at retirement, the difference shall be paid in one sum to his **or her** designated beneficiary, if living, otherwise to the estate of the retired member.

[11.] **12.** Prior to the date of retirement [under] **pursuant to** subsection 2, 3, or 4 of this section, a member may elect to receive the actuarial equivalent [at that time] of his [retirement allowance] **or her pension** in a lesser [retirement allowance] **amount**, payable throughout life under one of the following options with the provision that:

Option 1. Upon his **or her** death, his [retirement allowance] **or her pension** shall be continued throughout the life of and paid to his **or her** beneficiary, or

Option 2. Upon his **or her** death, one-half of his [retirement allowance] **or her pension** shall be continued throughout the life of and paid to his **or her** beneficiary, or

Option 3. Upon his **or her** death, his [retirement allowance] **or her pension** shall be continued throughout the life of and paid to his **or her** beneficiary, provided that in the event his **or her** designated beneficiary predeceases him **or her**, then his [retirement allowance] **or her pension** shall be adjusted [at that time] **effective the first day of the month following the month in which his or her designated beneficiary died** to the amount determined [under] **pursuant to** subsection 2 or 3 of this section at the time of his **or her** retirement, or

Option 4. Upon his **or her** death, one-half of his [retirement allowance] **or her pension** shall be continued

throughout the life of and paid to his **or her** beneficiary, provided that in the event his **or her** designated beneficiary predeceases him **or her**, then his [retirement allowance] **or her pension** shall be adjusted [at that time] **effective the first day of the month following the month in which his or her designated beneficiary died** to the amount determined [under] **pursuant to** subsection 2 or 3 of this section at the time of his **or her** retirement.

Option 5. Prior to age sixty-two the member will receive an increased pension, where the total pension prior to age sixty-two is approximately equal to the pension after age sixty-two plus the member's estimated federal Social Security benefit, provided that the reduced pension after age sixty-two is not less than one-half the pension the member could have received had no option been elected.

A member may elect a combination of option 1 and option 5, or option 2 and option 5. The survivor benefits payable to a beneficiary, other than the spouse of the [retirant] **retired member**, under any of the foregoing options shall in no event exceed fifty percent of the actuarial equivalent of the [retirement allowance] **pension** determined [under] **pursuant to** subsection 2 or 3 of this section at the time of retirement. [The actuarial equivalent of a member's retirement allowance shall be computed as of the earlier of his actual retirement or the date he became eligible for service retirement under subsection 1 of this section.]

[12.] **13.** If an option has been elected [under] **pursuant to** subsection [11] **12** of this section, and both the retired member and beneficiary die before receiving total benefits as large as the member's accumulated contributions at retirement, the difference shall be paid to [a] **the designated beneficiary of the person last entitled to benefits**, if living, otherwise to the estate of the person last entitled to benefits.

[13.] **14.** If an active member dies while an employee and with five or more years of [creditable] **credited** service and a dependent of the member is designated as beneficiary to receive his **or her** accumulated contributions, such beneficiary may, in lieu thereof, request that benefits be paid [under] **pursuant to** option 1, subsection [11] **12** of this section, as if the member had attained age sixty, if the member was less than sixty years of age at the time of his **or her** death, and had retired under such option as of the date of death, provided that under the same circumstances a member may provide by written designation that benefits must be paid [under] **pursuant to** option 1 to such beneficiary. In addition to benefits received [under] **pursuant to** option 1, subsection [11] **12** of this section, a surviving spouse receiving benefits under this subsection shall receive sixty dollars per month for each unmarried dependent child of the deceased member who is under twenty-two years of age and is in the care of the surviving spouse; provided, that if there are more than three such unmarried dependent children one hundred eighty dollars shall be divided equally among them. A "dependent beneficiary" for the purpose of this subsection only shall mean either the surviving spouse or a person who at the time of the death of the member was receiving at least one-half of his **or her** support from the member, and the determination of the board of trustees as to whether a person is a dependent shall be final.

[14. If the board of trustees is unable to refund the contributions of a member or to commence payment of benefits after such refund or benefits are otherwise first due and payable and thereafter, proper application is made for such refund or benefits, the board will make payment of such refund or benefits but no credit will be allowed for interest after the date the refund or benefits were first due and payable.]

15. In lieu of accepting the payment of the accumulated contributions of a member who dies after having at least eighteen months of [creditable] **credited** service and while an employee, an eligible beneficiary or, if no surviving **eligible** beneficiary, the unmarried dependent children of the member under twenty-two years of age may elect to receive the benefits [under] **pursuant to** subdivision (1), (2), (3), or (4) of this subsection. An "eligible beneficiary" is the surviving spouse, unmarried dependent children under twenty-two years of age or dependent parents of the member, if designated as beneficiary. A "dependent" is one receiving at least one-half of his **or her** support from the member at his **or her** death.

(1) A surviving spouse who is sixty-two years of age at the death of the member or upon becoming such age thereafter, and who was married to the member at least one year, may receive sixty dollars per month for life. A spouse may receive this benefit after receiving benefits [under] **pursuant to** subdivision (2) of this subsection;

(2) A surviving spouse who has in his or her care an unmarried dependent child of the deceased member under twenty-two years of age may receive sixty dollars per month plus sixty dollars per month for each child under twenty-two years of age but not more than a total of two hundred forty dollars per month;

(3) If no benefits are payable [under] **pursuant to** subdivision (2) of this subsection, unmarried dependent children under the age of twenty-two may receive sixty dollars each per month; provided that if there are more than three such children one hundred eighty dollars per month shall be divided equally among them;

(4) A dependent parent upon attaining sixty-two years of age may receive sixty dollars per month as long as not remarried provided no benefits are payable at any time [under] **pursuant to** subdivision (1), (2), or (3) of this

subsection. If there are two dependent parents entitled to benefits, sixty dollars per month shall be divided equally between them;

(5) If the benefits [under] **pursuant to** this subsection are elected and the total amount paid is less than an amount equal to the accumulated contributions of a member at his **or her** death, the difference shall be payable to the beneficiary or the estate of the beneficiary last entitled to benefits.

16. [If a retired member dies while receiving a disability retirement allowance, the surviving spouse and children, if any, shall receive benefits under subsection 15 of this section to the same extent as if he had died while an employee, unless such member elected optional benefits under subsection 11 of this section.

17. Should a service retirant again become a] **If a member receiving a normal pension again becomes an active member**, his [retirement allowance] **or her pension benefit** payments shall cease during such membership and shall be resumed upon subsequent retirement together with such [retirement allowance] **pension benefit** as shall accrue by reason of his **or her** latest period of membership. **Except as otherwise provided in section 105.269, RSMo**, a [retirant] **retired member** may not receive a [retirement allowance payment in] **pension benefit** for any month for which he **or she** receives compensation from an employing board, except he **or she** may serve as a part-time or temporary employee for not to exceed sixty days in any [school] **calendar** year without becoming a member and without having his [retirement allowance] **or her pension benefit** discontinued. A [retirant] **retired member** may also serve as a member of the board of trustees and receive any [compensation and] reimbursement for expenses allowed him **or her** because of such service without becoming [a] **an active member** and without having his [retirement allowance] **or her pension benefit** discontinued or reduced.

[18.] 17. Upon approval of the board of trustees, any member may make contributions in addition to those required. Any additional contributions shall be accumulated at interest and paid in addition to the benefits provided hereunder. The board of trustees shall make such rules and regulations as it deems appropriate in connection with additional contributions including limitations on amounts of contributions and methods of payment of benefits.

[19.] 18. Notwithstanding any other provisions of this section, any member retiring on or after age sixty-five who [shall have] **has** five or more years of [creditable] **credited** service shall be entitled to an annual [service retirement allowance] **pension** of the lesser of (a) an amount equal to his **or her** number of years of [creditable] **credited** service multiplied by one hundred twenty dollars, or (b) one thousand eight hundred dollars. Upon the death of such member, any benefits payable to the beneficiary of such member shall be computed as otherwise provided.

[20. Notwithstanding any other provisions of this section, any member who continues his employment with an employing board after attaining seventy and one-half years of age shall receive service retirement benefits during the continuation of his employment if and to the extent the payment of such service retirement benefits is required by the Internal Revenue Code of 1986, as amended, and Treasury regulations promulgated thereunder; and such service retirement benefits shall be adjusted annually for additional benefits which shall accrue by reason of such continued employment in accordance with the rules and regulations of the board of trustees. Optional benefits under subsection 11 of this section must be elected by a member prior to the commencement of benefits hereunder.]

The purchase allowed by this section shall be effected by the member paying to the retirement system with interest an amount based on the annual salary rate of his initial employment in the public school district under the system in which credit is being purchased and the contribution rate in effect in that system at the date of the election to purchase credit. Such payments shall include any payments that would have been made by the employer of the member during the period for which creditable service is being purchased, for each year of creditable service being purchased, plus interest at the rates fixed by the board of trustees. The purchase allowed by this section shall be effected before retirement of the member, and may be paid in installments over a period not to exceed five years. The purchase allowed by this section shall be subject to all rules and regulations of the board of trustees.]

Any increase so determined shall be applied by the board of trustees in calculating increases in [retirement] **pension** benefits that become payable pursuant to this section for the twelve-month period beginning on the January first immediately following such determination.

3. An annual increase in [retirement] **pension** benefits, if any, shall be payable monthly with monthly installments of other [retirement] **pension** benefits pursuant to sections 169.410 to 169.540.

(3) Any increase in the contribution rate of members of the retirement system shall be approved by the board of trustees and shall be deducted from the compensation of each member by the employing board and transferred and credited to the individual account of each member from whose compensation the deduction was made, and shall be administered in accordance with sections 169.410 to 169.540; provided that, any such increase in the members' contribution rate shall not exceed one-half of one percent of compensation in any year for such increases to [retirement] **pension** benefits and additional [retirement] **pension** benefits and plans adopted during such year by the board of education pursuant to this section, and all such increases in the members' contribution rate shall, in the aggregate, not exceed two percent of compensation.

period [four] **five** percent of his **or her** compensation, and the amounts so deducted shall be transferred to the board of trustees and credited to the individual account of each member from whose compensation the deduction was made. In determining the amount earnable by a member in any payroll period, the board of trustees may consider the rate of earnable compensation payable to such member on the first day of the payroll period as continuing throughout such payroll period; it may omit deduction from compensation for any period less than a full payroll period if the employee was not a member on the first day of the payroll period; and to facilitate the making of the deductions, it may modify the deduction required of any member by such amount as shall not exceed one-tenth of one percent of the compensation upon the basis of which such deduction was made.

(2) The deductions provided for herein are declared to be a part of the salary of the member and the making of such deductions shall constitute payments by the member out of his **or her** salary or earnings and such deductions shall be made notwithstanding that the minimum compensation provided by law for any member shall be reduced thereby. Every member shall be deemed to consent to the deductions made and provided for herein, and shall receipt for his **or her** full salary or compensation, and the making of said deductions and the payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered during the period covered by the payment except as to benefits provided by sections 169.410 to 169.540.

(3) The employing board may elect to pay member contributions required by this section as an employer pick up of employee contributions [under] **pursuant to** Section 414(h)(2) of the Internal Revenue Code of 1986, as amended, and such contributions picked up by the employing board shall be treated as contributions made by members for all purposes of sections 169.410 to 169.540.

2. [Should] **If a [retirant] retired member** receiving a [retirement benefit] **pension** pursuant to sections 169.410 to 169.540 [be] **is** restored to active service and again [become a] **becomes an active** member of the retirement system, there shall be credited to his **or her** individual account an amount equal to the excess, if any, of his **or her** accumulated contributions at retirement over the total [retirement allowances] **pension benefits** paid to him **or her**.

3. [(1) There shall be paid annually to the retirement system by the school district an amount equal to a certain percentage of the total compensation of all members to be known as the "normal cost contribution", and an additional amount equal to a percentage of such compensation to be known as the "accrued liability contribution". The rates percent of such contributions] **Annually, the actuary for the retirement system shall calculate each employer's contribution as an amount equal to a certain percentage of the total compensation of all members employed by that employer. The percentage** shall be fixed on the basis of the liabilities of the retirement system as shown by **the annual actuarial [valuations] valuation**. [The retirement system shall make similar contributions for the members who are employees of the system.

(2) On the basis of such actuarial assumptions as shall be adopted by the board of trustees, the actuary engaged by the board of trustees to make each valuation required during the period over which the accrued liability contribution is payable, at the time of making a valuation, shall determine the uniform and constant percentage of the compensation of all members in service, which, if contributed throughout their remaining period of active service, would be sufficient to provide for the payment of any pension payable on their account. The normal cost contribution rate shall be the rate percent of the compensation of all members obtained by deducting from the total liabilities of the fund the amount of assets in hand to the credit of the fund plus the amount of unfunded accrued liability and dividing the remainder by one percent of the present value of the prospective future compensation of all members in service as computed on the basis of the actuarial assumptions adopted by the board of trustees. The rate percent so determined shall be known as the "normal cost contribution rate".

(3) At the first valuation following December 31, 1980, the actuary engaged by the board of trustees shall compute the accrued liability for retirement allowance and other benefits on account of all members and beneficiaries which is not dischargeable by the assets of the retirement system, less the expense and contingency reserve, and by the value of the prospective normal cost contributions payable on account of such members during the remainder of their active service at the normal cost contribution rate then in force, and such accrued liability not so dischargeable shall be known as the "initial unfunded accrued liability". A calculation shall then be made to determine the level annual amount required to liquidate the initial unfunded accrued liability not later than October 13, 2011. At each valuation following December 31, 1980, the actuary will determine any increases or decreases in the accrued liability resulting from either changes in actuarial assumptions or changes in the benefits under sections 169.410 to 169.540. Such increases or decreases in the accrued liability will be determined by the actuary under the entry age normal-frozen initial liability cost method. The amount so obtained shall be known as a "supplement" to the unfunded accrued liability. A calculation shall then be made to determine the level annual amount required to liquidate the supplement to the unfunded accrued liability by the end of fifty years from the end of the year in which the supplement is created. The level annual amounts

required to liquidate the initial unfunded accrued liability and each supplement to the unfunded accrued liability are added together, and the amount so obtained shall be expressed as a percentage of the total earnable compensation of all members in service. This percentage of such total compensation shall be known as the "accrued liability contribution rate", and shall be payable until the unfunded accrued liability has been liquidated. Provided that the board may authorize a redetermination by the actuary of the unfunded accrued liability contribution rate within the limitation that the unfunded accrued liability will be amortized not later than the end of the fifty years from October 13, 1961, or the end of the year in which the supplement to the unfunded accrued liability was credited.

(4) The accrued liability contribution shall be discontinued as soon as assets of the retirement system, less the expense and contingency reserve, shall equal the present value as actuarially computed and approved by the board of trustees of the total liabilities of the retirement system, less the present value computed on the basis of the normal cost contribution rate then in force of the prospective normal cost contributions to be received on account of members who are at that time in service.] **The annual actuarial valuation shall be made on the basis of such actuarial assumptions and the actuarial cost method adopted by the board of trustees, provided that the actuarial cost method adopted shall be in accordance with generally accepted actuarial standards and that the unfunded actuarial accrued liability, if any, shall be amortized by level annual payments over a period not to exceed thirty years.**

4. The expense and contingency reserve shall be a reserve for investment contingencies and estimated expenses of administration of the retirement system as determined annually by the board of trustees.

5. Gifts, devises, bequests and legacies may be accepted by the board of trustees to be held and invested as a part of the assets of the retirement system and shall not be separately accounted for except where specific direction for the use of a gift is made by a donor.

169.500. On or before the first day of [June] **January** of each year the board of trustees shall certify to the board of education, **the board of trustees and the board of regents**, and to the state of Missouri with respect to the contribution for members employed by [the board of regents] **these employers**, the amount which will [become due and payable on or before January first of the year next following to the general reserve fund. The amount so certified shall be included by the board of education in its annual budget estimate.] **be paid to the retirement system on or before December thirty-first of that year. On or before the first day of January of each year the board of trustees shall certify to charter schools and to the state of Missouri with respect to the contribution of members employed by these employers, the amount which will be paid to the retirement system on a monthly basis beginning January first of that year.** The amount so certified shall be [appropriated by the school district and transferred to the retirement system for the ensuing year] **included by the employers in their annual budget estimates.**

169.510. 1. The payment of all [retirement allowances] **pension benefits**, refunds and other benefits or expenses [under] **pursuant to** the provisions of sections 169.410 to 169.540 and all expenses in connection with the administration and operation of the retirement system are hereby made obligations chargeable against the assets of the retirement system and not of the [school district] **employers**, and the assets of the retirement system shall not be diverted or used for any purpose other than the payment of such obligations.

2. No alteration, amendment or repeal of sections 169.410 to 169.540 shall be deemed to affect the rights of members of any retirement system established thereunder with reference to deposits previously made, or to reduce any accrued or potential benefits to those who are members at the time when such alterations, amendments, or repeal becomes effective or to reduce the amount of any [retirement allowance] **pension benefit** then payable.

169.520. Any funds created by sections 169.410 to 169.540 while in the charge and custody of the board of trustees of such retirement system shall not be subject to execution, garnishment, attachment or any other process whatsoever and shall be unassignable except as in sections 169.410 to 169.540 specifically provided **or in the case of a proper order of child support issued through the division of child support enforcement.**

169.540. The state of Missouri shall contribute no funds directly or indirectly to finance the plan to pay [retirement allowances] **pension benefits** by appropriation bills or otherwise, except those funds which the district may receive from time to time under a law or laws providing for a general apportionment of school moneys throughout all the state and except employer contributions for members employed by the board of regents which shall be made by the state of Missouri."; and

JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

SIXTY-SECOND DAY, WEDNESDAY, APRIL 25, 2001

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

O Lord, if You should mark our iniquities, who here could stand. There is enough bad in the best of us and enough good in the worst of us, so we dare not, with impunity, criticize any among us.

As the men and women of the House begin this new day that You give, keep them focused on the needs of the people; and bless them so they may be the best they can be. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Shamon Farrell, Erin Mayes, Levi Rash, Kelsey Wilt, Michael Barge, JoAnn Benfield, Amanda Neal, Tara Wyrick, Kevin Brady, Katherine McCloskey, Katie Halenkamp, Alex La Barge, Audrey Warman, Noble Bellis, Tiffany Rodriguez and Katherine Hessel.

The Journal of the sixty-first day was approved as corrected by the following vote:

(5) "Tobacco claim", any claim of the state of Missouri for conduct, acts or omissions arising out of or in any way related, in whole or in part, to the use, sale, distribution, manufacture, development, advertising, marketing or health affects of tobacco products; the exposure to tobacco products; or research, statements or warnings regarding the potential adverse affects of tobacco use, including those asserted in the tobacco case and any claims of the same or similar nature against any person or entity, including but not limited to the defendants in the tobacco case, provided that a claim of the state of Missouri for taxes or licensure fees shall not be considered a tobacco claim;

(6) "Tobacco claim payment", any moneys or proceeds of any moneys, including interest thereon, paid into the state treasury as a result of a tobacco claim, including but not limited to a payment to the state of Missouri pursuant to the MSA or any other tobacco claim settlement, award or judgment. Tobacco claim payment shall include any moneys paid into the state treasury that results in a direct offset or reduction of moneys received into the state treasury pursuant to the MSA or any other tobacco claim settlement, award or judgment.

2. The first one hundred twenty-five million dollars of tobacco claim payments shall be deposited in an endowment fund to be known as the "Fund for Missouri's Future" and shall not be subject to appropriation without a two-thirds vote of the members elected to each house of the general assembly as authorized by a concurrent resolution. The state treasurer shall invest moneys in the fund in the same manner as surplus funds are invested pursuant to section 30.260, RSMo. All earnings resulting from the investment of the moneys in the fund for Missouri's future shall be credited to such fund until the corpus of the fund reaches one billion dollars. Any tobacco claim payments received by the state after the initial one hundred twenty-five million dollars is deposited in the fund for Missouri's future and any earnings resulting from the investment of the moneys in the fund after the corpus of the fund reaches one billion dollars shall be deposited into a special trust fund to be known as the "Health Care Trust Fund" and shall be allocated by the state treasurer into separate accounts within the health care trust fund in accordance with sections 196.1075 to 196.1105 and shall be subject to appropriation for smoking prevention and cessation, early childhood care and education, prescription drug coverage and health care, and life sciences and medical research.

3. No moneys shall be withdrawn from the health care trust fund or any account of such fund except by an appropriation for the purpose and use authorized for such fund and any applicable account. No obligation for payment of moneys so appropriated from the health care trust fund and any applicable account of such fund shall be incurred and paid unless the commissioner of the office of administration certifies it for payment and further certifies that:

(1) The moneys were properly allocated to the health care trust fund and any applicable account by the state treasurer;

(2) The expenditure is within the purpose and use required for the health care trust fund and any applicable account;

(3) The expenditure is within any more specific purpose or use lawfully contained within the appropriation made by the general assembly; and

(4) There is an appropriation of an unencumbered balance within the health care trust fund and any applicable account sufficient to pay it.

At the time of issuance, each certification shall be entered on the general accounting books as an encumbrance on the appropriation.

196.1078. 1. The state treasurer shall allocate tobacco claim payments credited to the health care trust fund as follows:

(1) Fifty-five percent of such moneys shall be placed into the prescription drug coverage and health care treatment and access account created in subsection 1 of section 196.1081;

(2) Ten percent of such moneys shall be placed into the tobacco prevention, education and cessation account created in section 196.1084;

(3) Fifteen percent of such moneys shall be placed into the early childhood care and education account created in section 196.1087;

(4) Twenty percent of such moneys shall be placed into the life sciences and medical research account created in section 196.1090.

2. All moneys in the health care trust fund shall be appropriated by the general assembly in a separate appropriations bill.

196.1081. The "Prescription Drug Coverage and Health Care Treatment and Access Account" is hereby created within the health care trust fund. Appropriations made by the general assembly from the health care treatment and access account, shall be used and expended solely for prescription drug coverage and health care.

196.1084. The "Tobacco Prevention, Education and Cessation Account" is hereby created within the health care trust fund. Moneys in the account shall be used solely for tobacco prevention, education and/or cessation, including but not limited to programs to prevent tobacco usage by minors, to prevent or reduce tobacco usage generally, and to prevent tobacco addiction.

196.1087. The "Early Childhood Care and Education Account" is hereby created within the health care trust fund. Moneys in the account shall be used solely for early childhood care and/or education, including but not limited to community grants. Appropriations made by the general assembly from the account shall be used and expended solely for the purpose provided in this section.

196.1090. The "Life Sciences and Medical Research Account" is hereby created within the health care trust fund and shall be used and expended solely for life sciences and medical research purposes.

196.1096. The commissioner of administration shall establish such books of account as are necessary to account for the proceeds of any tobacco claim payments made to the state of Missouri and interest thereon and shall make or refuse to make such certifications as are necessary to ensure that these funds are allocated, used and expended only for the purposes and in the proportions set forth in sections 196.1075 to 196.1105.

196.1099. Moneys which are appropriated from the health care trust fund for the purposes provided in sections 196.1075 to 196.1105 shall constitute additional amounts over and above any moneys that are appropriated for such purposes from general revenue as of July 1, 2000. The state shall not reduce the level of funding that was in effect on July 1, 2000, for such a purpose from general revenue sources because of the appropriation of moneys for such purpose from the health care trust fund.

196.1102. Any moneys received by the state as a result of the tobacco settlement agreement together with interest and earnings thereon shall not be classified as "total state revenues" as defined in sections 17 and 18 of article X of the Missouri Constitution and the expenditure of such moneys shall not be an "expense of state government" pursuant to section 20 of article X of the Missouri Constitution.

196.1105. Any funds received by the state as a result of any legal settlement or award which is not by statute dedicated to a specific fund or program shall be subject to appropriation by the general assembly for programs related to health care and education.

Section B. Section A of this act is hereby submitted to the qualified voters of this state for approval or rejection at a special election which is hereby ordered and which shall be held and conducted on the Tuesday immediately following the first Monday in November, 2001, pursuant to the laws and constitutional provisions of this state applicable to general elections and the submission of referendum measures by initiative petition, and it shall become effective when approved by a majority of the votes cast thereon at such election and not otherwise.

Section C. The official summary statement for the proposed referendum measure of this act shall read as follows:

"Authorizes deposit of tobacco settlement moneys into funds for use in smoking prevention, health care and prescription drug coverage for seniors, life sciences and medical research, early childhood care and education, and an endowment fund which would not be subject to the constitutional limit on state spending. Defeat of the referendum measure would not create the funds and the moneys shall be credited to general revenue for appropriation by the general assembly."; and

Further amend the title and enacting clause accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

SIXTY-THIRD DAY, THURSDAY, APRIL 26, 2001

Speaker Pro Tem Abel in the Chair.

Prayer by Representative Gary Marble.

Dear Heavenly, thank You for this beautiful day and the many blessings of life. Thank You for the opportunity to serve You in this Honored Body. Thank You for our families who willingly sacrifice every day, so we can serve. And, most of all, thank You for Your son who has given us the hope of eternal life.

Now, Father, I pray, as we look forward to the work before us this day and the coming three weeks; that You will give us wisdom and help us to follow Your directions as found in Micah 6:8: "He has shown You, O man, what does the Lord require of you but to do justly, to love mercy, and to walk humbly with your God."

For it's in Jesus name I pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Nicole Ottersburg, Jamie Hillier, Andrew Nabors, Olivia Crain, Cassie Wright, April Willsie, Amber Clifton, Whitney Dameron, Krystal Himes, Amanda Theiler, Elizabeth Kimack, Jennifer Horton, Latasha Brock, Kareema Harrell, Amanda Rackers, Sarah Estep, Honnah Marshall, Grace Miller, Ethan S. Musick, Richie Shy, Clint Blevins and Rob Morgan.

The Journal of the sixty-second day was approved as corrected.

HOUSE COMMITTEE SUBSTITUTE
FOR
SENATE SUBSTITUTE
FOR
SENATE CONCURRENT RESOLUTION NO. 13

WHEREAS, the United States Fish and Wildlife Service has recommended that the United States Army Corps of Engineers implement the so-called "spring rise-split season" plan for operation of the Missouri River mainstem reservoir system. This plan would result in an increase in the flow of the Missouri River in the spring and a reduction of the flow in the summer of each year, purportedly to improve habitat for the threatened and endangered pallid sturgeon, least tern and piping plover; and

WHEREAS, additional changes under consideration by the United States Army Corps of Engineers to the Missouri River Master Manual would result in the storage of more water in the upstream reservoirs while decreasing the amount of water available downstream for designated uses. These changes would shorten the navigation season on the Missouri River by twenty-seven days in November and put at risk Mississippi River navigation as well; and

WHEREAS, analysis of the proposed changes by the state of Missouri and the United States Army Corps of Engineers has indicated these changes will fail to improve and will potentially diminish habitat for the species in question, will increase the risk of flooding along the Missouri River, and will result in a decrease in river levels in early summer and fall which will impact navigation and other designated uses on the Missouri and Mississippi Rivers; and

WHEREAS, habitat restoration along the lower Mississippi River has demonstrated great success in aiding the recovery of these species and a similar approach should be given the opportunity to succeed on the Missouri River; and

WHEREAS, these plans have the potential for severe impact on any industry which uses the Missouri River or Mississippi River to transport products and the potential to increase risk of flooding in river communities and on farm land in the Missouri and lower Mississippi River basins; and

WHEREAS, these proposals do not adequately address the concerns and needs of states in the lower Missouri and Mississippi River basin, and will not realize the purported benefit of increasing habitat for endangered species; and

WHEREAS, the Missouri departments of natural resources, conservation and transportation have opposed these plans and have informed the Fish and Wildlife Service and the United States Army Corps of Engineers of their concerns regarding the potential impact on the state's river communities, lands, businesses and wildlife habitat:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the Governor to protest against any proposals that would so negatively impact beneficial uses of the lower Missouri and Mississippi Rivers and would not significantly improve conditions for the species of concern; and

BE IT FURTHER RESOLVED that the members of the General Assembly urge the Department of Natural Resources, the Department of Conservation and the Department of Transportation to continue to insist that any plan involving the operations of the Missouri River improve the Missouri River for all beneficial uses and be sure any river management changes are based on sound science; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the United States Fish and Wildlife Service, the United States Army Corps of Engineers, the Governor of Missouri, the Director of the Department of Natural Resources, the Director of the Department of Conservation and the Director of the Department of Transportation.

HOUSE CONCURRENT RESOLUTION NO. 23

WHEREAS, the Windfall Elimination Provision of WEP was added to the federal Social Security Act in 1983 to prevent unfairly inflated benefits for persons who held highly compensated government positions that were not covered by Social Security and who also had brief, relatively low-paying Social Security covered employment; and

WHEREAS, the WEP has had the unintended consequence of undermining the retirement plans of individuals who have been teachers and who often continue to hold Social Security covered employment during summers and holidays; and

WHEREAS, Missouri and other states are anticipating an increased rate of teacher retirement and difficulty attracting young adults into the education field; and

WHEREAS, the WEP also serves to discourage mid-life career changes from Social Security covered employment to employment covered by public pensions such as teaching; and

WHEREAS, the WEP often works in conjunction with another income-reducing feature, the government pension offset (GPO) that bears disproportionately on women, to doubly affect the teacher corps which is still primarily made up of women; and

WHEREAS, the formula of the WEP assumes retirees have had a higher-paying position over the entire course of their careers, an assumption which is contrary to the fact for teachers; and

WHEREAS, many teachers need a second income and therefore work in Social Security covered positions, thereby activating the WEP; and

WHEREAS, the continuation of the WEP and GPO impacts presently retired teachers, teachers near retirement, and young adults entering the education field, all who are essential parts of our national education corps:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the 107th Congress to rescind the Windfall Elimination Provision for teachers; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri congressional delegation.

WHEREAS, as part of the state's attempt to suppress, control and eradicate bovine brucellosis in this state, a certification process was established which included the herd designation of a "certified brucellosis free herd"; and

SIXTY-FIFTH DAY, TUESDAY, MAY 1, 2001

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

Gracious God: we pray that the people of Missouri, who have made progress in things material, will grow in things that are of the heart and soul. Bless these legislators as they lead. Keep their commitments clear. Grant them a love of justice and a willingness to care for the least among us.

To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Nick Hart, Mia McMurtry, Tammy Raymond, Teresa Brauer, Austin Nolting, Britiney Koechner, Michael McGowan, Jennifer Sepe, Adele Jackson and Jessica Redstone.

The Journal of the sixty-fourth day was approved as corrected.

HOUSE RESOLUTION

Representative Ward offered **HR 1747**, which was read.

HOUSE RESOLUTION NO. 1747

WHEREAS, the members of the Missouri House of Representatives occasionally pause in their diverse legislative endeavors in order to bid a fond farewell to Show-Me State employees whose diligent and conscientious labors down through the years have greatly assisted the functioning of state government and served as an outstanding example for their peers; and

WHEREAS, Sue Walker of House Publications, located in the foundational depths of the state capitol, retired on December 31, 2000, an achievement for which she will be honored with a festive, in-office celebration on May 1, 2001, to be hosted by her colleagues, Sharon Bertles, Terri Boyce, Bonnie Burden, Carrie Fisher, Meg Kemna, Alan Mansager, Carol Mesey, Linda Mirts, Pat Peterson, Kim Ralston, and Angie Thessen and attended by a large number of people looking for the cafeteria or the print shop; and

WHEREAS, unaware that retirement meant she did not have to come to work anymore, Sue Walker has continued to be an invaluable employee throughout the First Regular Session of the Ninety-first General Assembly in the year 2001; and

WHEREAS, Sue Walker expects to be finally caught up with all of her work sometime in June, at which time she will shift the focus of her daily attention to such attractive endeavors as camping and enticing fish to take bait; and

WHEREAS, the last of the "old-timers", Sue Walker vividly remembers when the process of cutting and pasting a document together actually involved scissors and glue instead of a mouse, keyboard, and rather small television screen; and

WHEREAS, in addition to her many endeavors as a House Publications employee, Sue Walker is very proud to be known as the mother of Kenette Walker and Kim Walker and the grandmother of wonderful Kenna Rice and Weston Rice:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Ninety-first General Assembly, join unanimously to salute Sue Walker for the many contributions she has made over the years to the all-important pre-press composing work of House Publications and to convey to her this legislative body's heartiest congratulations and best wishes for a future filled with the special opportunities and pleasures that are traditionally associated with the golden years of retirement; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Sue Walker, as a measure of our esteem for her and her career-long activities.

House Amendment No. 9

AMEND House Substitute for House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 267, Section 565.030, Page 50, Line 7, by inserting the following after all of said line:

“595.030. 1. No compensation shall be paid unless the claimant has incurred an out-of-pocket loss of at least fifty dollars or has lost two continuous weeks of earnings or support from gainful employment. "Out-of-pocket loss" shall mean unreimbursed or unreimbursable expenses or indebtedness reasonably incurred for medical care or other services, including psychiatric, psychological or counseling expenses, necessary as a result of the crime upon which the claim is based, except that the amount paid for psychiatric, psychological or counseling expenses per eligible claim shall not exceed two thousand five hundred dollars. [Fifty dollars shall be deducted from any award granted under sections 595.010 to 595.075, except that an award to a person sixty-five years of age or older is not subject to any deduction.]

2. No compensation shall be paid unless the division of workers' compensation finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the division of workers' compensation finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family.

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

4. No compensation shall be paid for psychiatric treatment or other counseling services, including psychotherapy, unless the service provider is a:

(1) Physician licensed pursuant to chapter 334, RSMo, or licensed to practice medicine in the state in which the service is provided;

(2) Psychologist licensed pursuant to chapter 337, RSMo, or licensed to practice psychology in the state in which the service is provided;

(3) Clinical social worker licensed pursuant to chapter 337, RSMo; or

(4) Professional counselor licensed pursuant to chapter 337, RSMo.

5. Any compensation paid [under] **pursuant to** sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not to exceed two hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

6. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed two hundred dollars per week; provided, however, that no award [under] **pursuant to** sections 595.010 to 595.075 shall exceed [fifteen] **twenty-five** thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the division of workers' compensation among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation [under] **pursuant to** sections 595.010 to 595.075 shall be determined by the division.

595.035. 1. For the purpose of determining the amount of compensation payable pursuant to sections 595.010 to 595.075, the division of workers' compensation shall, insofar as practicable, formulate standards for the uniform application of sections 595.010 to 595.075, taking into consideration the provisions of sections 595.010 to 595.075, the rates and amounts of compensation payable for injuries and death [under] **pursuant to** other laws of this state and of the United States, excluding pain and suffering, and the availability of funds appropriated for the purpose of sections 595.010 to 595.075. All decisions of the division of workers' compensation on claims heard [under] **pursuant to** sections 595.010 to 595.075 shall be in writing, setting forth the name of the claimant, the amount of compensation and the reasons for the decision. The division of workers' compensation shall immediately notify the claimant in writing of the decision and shall forward to the state treasurer a certified copy of the decision and a warrant for the amount of the claim. The state treasurer, upon certification by the commissioner of administration, shall, if there are sufficient funds in the crime victims' compensation fund, pay to or on behalf of the claimant the amount determined by the division.

2. The crime victims' compensation fund is not a state health program and is not intended to be used as a primary payor to other health care assistance programs, but is a public, quasi-charitable fund whose fundamental purpose is to assist victims of violent crimes through a period of financial hardship, as a payor of last resort. Accordingly, any compensation paid pursuant to sections 595.010 to 595.075 shall be reduced by the amount of any payments, benefits or awards received or to be received as a result of the injury or death:

(1) From or on behalf of the offender;

(2) Under private or public insurance programs, including champus, medicare, medicaid and other state or federal programs, **but not including any life insurance proceeds**; or

(3) From any other public or private funds, including an award payable [under] **pursuant to** the workers' compensation laws of this state.

3. In determining the amount of compensation payable, the division of workers' compensation shall determine whether, because of the victim's consent, provocation, incitement or negligence, the victim contributed to the infliction of the victim's injury or death, and shall reduce the amount of the compensation or deny the claim altogether, in accordance with such determination; provided, however, that the division of workers' compensation may disregard the responsibility of the victim for his **or her** own injury where such responsibility was attributable to efforts by the victim to aid a victim, or to prevent a crime or an attempted crime from occurring in his **or her** presence, or to apprehend a person who had committed a crime in his **or her** presence or had in fact committed a felony.

4. In determining the amount of compensation payable pursuant to sections 595.010 to 595.070, monthly social security disability or retirement benefits received by the victim shall not be considered by the division as a factor for reduction of benefits.

5. The division shall not be liable for payment of compensation for any out-of-pocket expenses incurred more than three years following the date of the occurrence of the crime upon which the claim is based.”; and

Amend the title, enacting clause and intersectional references accordingly.

- (5) Chapter 566, RSMo, relating to sexual offenses;
- (6) Chapter 567, RSMo, relating to prostitution;
- (7) Chapter 568, RSMo, relating to offenses against the family;

- (14) Chapter 575, RSMo, relating to offenses against the administration of justice;
- (15) Chapter 577, RSMo, relating to public safety offenses.

Any clerk of the court receiving moneys pursuant to such judgments shall collect and disburse such crime victims' compensation judgments in the manner provided by sections 488.010 to 488.020, RSMo. Such funds shall be payable to the state treasury and deposited to the credit of the crime victims' compensation fund.

[8.] **9.** The clerk of the court processing such funds shall maintain records of all dispositions described in subsection 1 of this section and all dispositions where a judgment has been entered against a defendant in favor of the state of Missouri in accordance with this section; all payments made on judgments for alcohol-related traffic offenses; and any judgment or portion of a judgment entered but not collected. These records shall be subject to audit by the state auditor. The clerk of each court transmitting such funds shall report separately the amount of dollars collected on judgments entered for alcohol-related traffic offenses from other crime victims' compensation collections or services to victims collections.

[9.] **10.** The clerks of the court shall report all delinquent payments to the department of revenue by October first of each year for the preceding fiscal year, and such sums may be withheld pursuant to subsection [14] **15** of this section.

Any unexpended balance remaining in the crime victims' compensation fund at the end of each biennium shall not be subject to the provision of section 33.080, RSMo, requiring the transfer of such unexpended balance to the ordinary revenue fund of the state, but shall remain in the crime victims' compensation fund. In the event that there are insufficient funds in the crime victims' compensation fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no funds in the crime victims' compensation fund, then no claim shall be paid until funds have again accumulated in the crime victims' compensation fund. When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award shall be paid. Any award pursuant to this subsection is specifically not a claim against the state, if it cannot be paid due to a lack of funds in the crime victims' compensation fund.

[14.] **15.** When judgment is entered against a defendant as provided in this section and such sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Missouri to such defendant an amount equal to the unpaid amount of such judgment. Such amount shall be paid forthwith to the crime victims' compensation fund and satisfaction of such judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

[15.] **16.** All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid

into the crime victims' compensation fund and not into the general revenue of this state.

[16.] **17.** Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

[17.] **18.** Any gifts, contributions, grants or federal funds specifically given to the division for the benefit of victims of crime shall be credited to the crime victims' compensation fund. Local law enforcement may accompany the agent. Failure of any agent to whom this section applies to comply with the provisions of this section shall be a class A misdemeanor for the first violation and a class D felony for subsequent violations; and shall also be a violation of section 374.755 and may in addition be punished pursuant to that section.**
- 2. Any agent licensed by sections 374.700 to 374.775 who wrongfully causes damages to any person or property, including but not limited to trespass, unlawful arrest, unlawful detainment or assault, shall be liable for such damages and may be liable for punitive damages.**

374.764. 1. The director shall examine and inquire into all violations of the bail bond law of the state, and inquire into and investigate the bail bond business transacted in this state by any bail bond agent, general bail bond agent or surety recovery agent.

2. The director or any of his duly appointed agents may compel the attendance before him, and may examine, under oath, the directors, officers, bail bond agents, general bail bond agents, surety recovery agents, employees or any other person, in reference to the condition, affairs, management of the bail bond or surety recovery business or any matters relating thereto. He may administer oaths or affirmations and shall have power to summon and compel the attendance of witnesses and to require and compel the production of records, books, papers, contracts or other documents, if necessary.

3. The director may make and conduct the investigation in person, or he may appoint one or more persons to make and conduct the same for him. If made by a person other than the director, the person duly appointed by the director shall have the same powers as granted to the director pursuant to this section. A certificate of appointment, under the official seal of the director, shall be sufficient authority and evidence thereof for the person to act. For the purpose of making the investigations, or having the same made, the director may employ the necessary clerical, actuarial and other assistance.

374.782. 1. Sections 374.782 to 374.789 shall be known as "The Surety Recovery Agent Licensure Act".

2. As used in sections 374.782 to 374.789, the following terms mean:

- (1) "Department", the department of insurance of the state of Missouri;
- (2) "Fugitive recovery", the tracking down, recapturing and surrendering to the custody of a court a fugitive who has violated a bail bond agreement;
- (3) "Surety recovery agent", a person not performing the duties of a sworn peace officer who tracks down, captures and surrenders to the custody of a court a fugitive who has violated a bail bond agreement, excluding a bail bond agent or general bail bond agent.

374.783. 1. No person shall hold himself or herself out as being a surety recovery agent in this state, unless such person is licensed in accordance with the provisions of sections 374.782 to 374.789.

2. The department shall have authority to license all surety recovery agents in this state. The department shall have control and supervision over the licensing of such agents and the enforcement of the terms and provisions of sections 374.782 to 374.789.

3. The department shall have power to:

- (1) Set and determine the amount of the fees which sections 374.782 to 374.789 authorize and require. The fees shall be set at a level sufficient to produce revenue which shall not substantially exceed the cost and expense of administering sections 374.782 to 374.789; and
- (2) Determine the sufficiency of the qualifications of applicants for licensure.

4. The department shall license all surety recovery agents in this state who meet the requirements of sections 374.782 to 374.789.

374.784. 1. A candidate for a surety recovery agent's license shall be at least twenty-one years of age. A candidate shall furnish evidence of such person's qualifications by completing an approved licensed surety recovery agent course with at least forty hours of minimum training at an institution of higher education or any institution approved by the department.

2. The basic course of training shall consist of at least forty hours of training, be taught by personnel with qualifications approved by the department and may include instruction in:

- (1) The following areas of the law:
 - (a) Constitutional law;
 - (b) Procedures for arresting defendants and surrendering defendants into custody;
 - (c) Civil liability;
 - (d) The civil rights of persons who are detained in custody;
 - (e) The use of force;
- (2) Procedures for field operations, including, without limitation:
 - (a) Safety and survival techniques;
 - (b) Searching buildings;
 - (c) Handling persons who are mentally ill or under the influence of alcohol or a controlled substance; and
 - (d) The care and custody of prisoners;
- (3) The skills required regarding:
 - (a) Writing reports, completing forms and procedures for exoneration;

- (b) Methods of arrest;
- (c) Nonlethal weapons;
- (d) The retention of weapons;
- (e) Qualifications for the use of firearms;
- (f) Defensive tactics; and
- (g) Principles of investigation, including, without limitation, the basic principles of locating defendants who have not complied with the terms and conditions established by a court for their release from custody or the terms and conditions of a contract entered into with a surety;

(4) The following subjects:

- (a) Demeanor in a courtroom;
- (b) First aid used in emergencies; and
- (c) Cardiopulmonary resuscitation.

3. No license shall be granted unless the candidate has proof of a one million dollar bond or liability policy insuring against any damages to persons or property caused by the candidate.

374.785. 1. The department shall issue a license to any surety recovery agent who is licensed in another jurisdiction and who has had no violations, suspensions or revocations of a license to engage in fugitive recovery in any jurisdiction, provided that such person is licensed in a jurisdiction whose requirements are substantially equal to, or greater than, the requirements for licensure of surety recovery agents in Missouri at the time the applicant applies for licensure, the applicant has proof of a one million dollar bond or liability policy and such general bail bond agent employs a surety recovery agent holding a valid Missouri surety recovery license.

2. For the purpose of surrender of the defendant, a surety may apprehend the defendant, anywhere within the state of Missouri, before or after the forfeiture of the undertaking without personal liability for false imprisonment or may empower any recovery agent to make apprehension by providing written authority endorsed on a certified copy of the undertaking and paying the lawful fees.

3. The surety or recovery agent shall inform the local law enforcement in the county or city where such agent is planning to enter a residence. Such agent shall have a certified copy of the bond and all appropriate paperwork to identify the principal. Local law enforcement, when notified, may accompany the surety or recovery agent to that location to keep the peace if an active warrant is effective for a felony or misdemeanor. If a warrant is not active, the local law enforcement officers may accompany the surety or recovery agent to such location. Failure to report to the local law enforcement agency is a class A misdemeanor. For any subsequent violations, failure to report to the local law enforcement agency is a class D felony.

4. Every applicant for a license pursuant to this section, upon making application and showing the necessary qualifications as provided in this section, shall be required to pay the same fee as the fee required to be paid by resident applicants. Within the limits provided in this section, the department may negotiate reciprocal compacts with licensing entities of other states for the admission of licensed surety recovery agents from Missouri in other states.

374.786. 1. Every person licensed pursuant to sections 374.782 to 374.789 shall, on or before the license renewal date, apply to the department for a licensure renewal for the ensuing licensing period. The application shall be made on a form furnished to the applicant and shall state the applicant's full name, the applicant's business address, the address at which the applicant resides, the date the applicant first received a license and the applicant's surety recovery agent identification number, if any.

2. A blank form for the application for licensure renewal shall be mailed to each person licensed in this state at the person's last known address. The failure to mail the form of application or the failure of a person to receive it does not, however, relieve any person of the duty to be licensed and to pay the license fee required nor exempt such person from the penalties provided for failure to be licensed.

3. Each applicant for licensure renewal shall accompany such application with a licensure renewal fee to be paid to the department for the licensing period for which licensure renewal is sought.

4. The department may refuse to issue or renew any license required pursuant to sections 374.782 to 374.789 for any one or any combination of causes stated in section 374.787. The department shall notify the applicant in writing of the reasons for refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621, RSMo.

374.787. 1. The department may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621, RSMo, against any surety recovery agent or any person who has failed to renew or has surrendered his or her license for any one or any combinations of the following causes:

(1) Violation of any provisions of, or any obligations imposed by, the laws of this state, department of insurance rules and regulations, or aiding or abetting other persons to violate such laws, orders, rules or regulations;

(2) Having been convicted of a felony or crime involving moral turpitude;

(3) Using fraud, deception, misrepresentation or bribery in securing a license or in obtaining permission to take any examination required by sections 374.782 to 374.789;

(4) Obtaining or attempting to obtain any compensation as a surety recovery agent by means of fraud, deception or misrepresentation;

(5) Acting as a surety recovery agent or aiding or abetting another in acting as a surety recovery agent without a license;

(6) Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions of duties of a surety recovery agent;

(7) Having revoked or suspended any license by another state.

2. After the filing of the complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621, RSM o. Upon a finding by the administrative hearing commission that one or more of the causes stated in subsection 1 of this section have been met, the department may suspend or revoke the license or enter into an agreement for a monetary or other penalty pursuant to section 374.280.

3. In lieu of filing a complaint with the administrative hearing commission, the department and the surety recovery agent may enter into an agreement for a monetary or other penalty pursuant to section 374.280.

4. In addition to any other remedies available, the department may issue a cease and desist order or may seek an injunction in a court of law pursuant to section 374.046 whenever it appears that any person is acting as a surety recovery agent without a license.

374.788. A surety recovery agent having probable grounds to believe a subject, free on his or her bond, has failed to appear as directed by a court, has breached the terms of the subject's surety agreement or has taken a substantial step toward absconding, may utilize all lawful means to arrest the subject. To surrender a subject to a court a licensed surety recovery agent, having probable grounds to believe the subject is free on their bond, may:

(1) Detain a subject in a reasonable manner, for a reasonable time not to exceed seventy-two hours;

(2) Transport a subject in a reasonable manner from state to state and county to county to a place of authorized surrender; and

(3) Enter upon private or public property in a reasonable manner to execute an arrest of a subject.

374.789. 1. A person is guilty of a class D felony if he or she does not hold a valid surety recovery agent's license or a bail bondsman's license and commits any of the following acts:

(1) Holds himself or herself out to be a licensed surety recovery agent within this state;

(2) Claims that he or she can render surety recovery agent services; or

(3) Engages in fugitive recovery in this state.

2. Any person who engages in fugitive recovery in this state and wrongfully causes damage to any person or property, including, but not limited to, trespass, unlawful arrest, unlawful detainment or assault, shall be liable for such damages and may be liable for punitive damages."; and

Representative Koller offered **HS SS SCS SBs 323 & 230**.

Representative Johnson (90) offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 323 & 230, Page 45, Section 210.861, Line 13 of said page, by inserting after all of said line the following:

"321.242. 1. The governing body of any fire protection district which operates within and has boundaries identical to a city with a population of at least thirty thousand but not more than thirty-five thousand inhabitants which is located in a county of the first classification, excluding a county of the first classification having a population in excess of nine hundred thousand, **or the governing body of any fire protection district which has an assessed valuation greater than seven hundred fifty million but less than eight hundred million and which is located in a county of the first classification with a charter form of government with a population greater than nine hundred thousand**, or the governing body of any municipality having a municipal fire department may impose a sales tax in an amount of up to one-fourth of one percent on all retail sales made in such fire protection district or municipality which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax imposed pursuant to the provisions of this section shall be effective unless the governing body of the fire protection district or municipality submits to the voters of such fire protection district or municipality, at a county or state general, primary or special election, a proposal to authorize the governing body of the fire protection district or municipality to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall (insert name of district or municipality) impose a sales tax of (insert rate of tax) for the purpose of providing revenues for the operation of the (insert fire protection district or municipal fire department)?

☐ Yes

☐ No

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax authorized in this section shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the fire protection district or municipality shall not impose the sales tax authorized in this section unless and until the governing body of such fire protection district or municipality resubmits a proposal to authorize the governing body of the fire protection district or municipality to impose the sales tax authorized by this section and such proposal is approved by a majority of the qualified voters voting thereon.

3. All revenue received by a fire protection district or municipality from the tax authorized pursuant to the provisions of this section shall be deposited in a special trust fund and shall be used solely for the operation of the fire protection district or the municipal fire department.

4. All sales taxes collected by the director of revenue pursuant to this section on behalf of any fire protection district or municipality, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in a special trust fund, which is hereby created, to be known as the "Fire Protection Sales Tax Trust Fund". Any moneys in the fire protection district sales tax trust fund created prior to August 28, 1999, shall be transferred to the fire protection sales tax trust fund. The moneys in the fire protection sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund and of the amounts which were collected in each fire protection district or municipality imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of the fire protection district or municipality and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the fire protection district or municipality which levied the tax. Such funds shall be deposited with the treasurer of each such fire protection district or municipality, and all expenditures of funds arising from the fire protection sales tax trust fund shall be for the operation of the fire protection district or the municipal fire department and for no other purpose.

5. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any fire protection district or municipality for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such fire protection districts or municipalities. If any fire protection district or municipality abolishes the tax, the fire protection district or municipality shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of

such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such fire protection district or municipality, the director of revenue shall remit the balance in the account to the fire protection district or municipality and close the account of that fire protection district or municipality. The director of revenue shall notify each fire protection district or municipality of each instance of any amount refunded or any check redeemed from receipts due the fire protection district or municipality. In the event a tax within a fire protection district is approved pursuant to this section, and such fire protection district is dissolved, if the boundaries of the fire protection district are identical to that of the city, the tax shall continue and proceeds shall be distributed to the governing body of the city formerly containing the fire protection district and the proceeds of the tax shall be used for fire protection services within such city.

The persons appointed by the associate circuit judge shall be paid twenty-five dollars each per day for the time actually employed which shall be taxed as costs in the case equally against the parties and collected accordingly.**

272.050. If any person [damnified for want of such] **who does not maintain a sufficient [hedge or] fence, shall hurt, wound, lame, kill or destroy, or cause the same to be done by shooting, worrying with dogs, or otherwise, any of the animals in this chapter mentioned, such [persons] person shall satisfy the owner in double damages with costs.**

272.060. [Whenever the fence of any owner of real estate, now erected or constructed, or which shall hereafter be erected or constructed, the same being a lawful fence, as defined by sections 272.010 and 272.020, serves to enclose the land of another, or which shall become a part of the fence enclosing the lands of another, on demand made by the person owning such fence, such other person shall pay the owner one-half the value of so much thereof as serves to enclose his land, and upon such payment shall own an undivided half of such fence.] **1. Whenever the owner of real estate desires to construct or repair a lawful fence, as defined by section 272.020, which divides his or her land from that of another, such owner shall give written notice of such intention to the adjoining landowner. The landowners shall meet and each shall construct or repair that portion of the division fence which is on the right of each owner as the owners face the fence line while standing at the center of their common property line on their own property. If the owners cannot agree as to the part each shall construct or keep in repair, either of them may apply to an associate circuit judge of the county who shall forthwith summon three disinterested householders of the township or county to appear on the premises, giving three days' notice to each of the parties of the time and place where such viewers shall meet, and such viewers shall, under oath, designate the portion to be constructed or kept in repair by each of the parties interested and notify them in writing of the same. Such viewers shall receive twenty-five dollars each per day for the time actually employed, which shall be taxed as court costs.**

2. Existing agreements not consistent with the procedure prescribed by subsection 1 of this section shall be in writing, signed by the agreeing parties, and shall be recorded in the office of the recorder of deeds in the county or counties where the fence line is located. The agreement shall describe the land and the portion of partition fences between their lands which shall be erected and maintained by each party. The agreement shall bind the makers, their heirs and assigns.

272.070. [If the parties interested shall fail to agree as to the value of one-half of such fence, the owner of the fence may apply to a circuit or associate circuit judge of the county, who shall without delay, issue an order to three

disinterested house holders of the township, not of kin to either party, reciting the complaint, and requiring them to view the fence, estimate the value thereof, and make return under oath to the associate circuit judge on the day named in the order.] **If either party fails to construct or repair his or her portion of the fence in accordance with the provisions of section 272.060 within a reasonable time, the other may petition the associate circuit court of the county to authorize the petitioner to build or repair the fence in a manner to be directed by the court. If the court authorizes such action, the petitioner shall be given a judgment for that portion of the total cost of the fence which is chargeable as the other party's portion of the fence, court costs and reasonable attorney's fees. Any such judgment shall be a lien on the real estate of the party against whom the judgment may be given.**

272.100. The persons appointed by the associate circuit judge [under sections 272.070 and 272.090] **pursuant to section 272.040** to discharge the duties therein specified, shall receive [one dollar] **twenty-five dollars** each per day for the time actually employed, which[, together with the fees of the associate circuit judge and sheriff,] shall be taxed as costs in the case against the parties [in proportion to their respective interests,] and collected accordingly.

272.110. Every person owning a part of a division fence shall keep **his or her portion of** the same in good repair according to the requirements of this chapter, and [when said division fence is a hedge, shall properly trim the same at least once a year, to a height not greater than four and one-half feet, and to a breadth not greater than three feet, and for the purpose of trimming said hedge as aforesaid, he shall have the right to] **may** enter upon any land lying adjacent thereto **for such purpose**. [Either party owning land adjoining a division fence or hedge may, upon the failure of any of the other parties, have all that part of such division fence belonging to such other parties repaired, upon the failure of such other party to do so, such repairing or trimming to be at the cost of the party so failing to repair or trim his part of such fence; and the party so repairing or trimming such hedge shall always throw the brush trimmed off on his own side of such hedge; and upon neglect or refusal to keep said fence in repair, or to keep said hedge trimmed as provided in this section, such owner shall be liable in double damages to the party injured thereby, and such injured party may enforce the collection of such damages by restraining any cattle or other stock that may break in or come upon his enclosure by reason of the failure of such other party to keep his portion of such division fence in repair and proceeding therewith under the provisions of sections 270.010 to 270.200, RSMo.]

272.130. Any person aggrieved by any order or judgment of the associate circuit judge made or entered [under] **pursuant to** the provisions of [sections 272.040, 272.070 and 272.090] **section 272.040 or 272.070** may have the same reviewed in the same manner as other civil actions.

272.132. If either of two adjoining landowners does not need a fence, the landowner that needs a fence may build the entire fence and report the total cost to the associate circuit judge who shall authorize the cost to be recorded on each deed. Should the landowner that claimed no need for a fence subsequently place livestock against the fence, the landowner that built the fence shall be reimbursed for one-half the construction costs share to be determined as provided in section 272.060.

272.134. Nothing in this chapter shall prevent adjoining landowners from agreeing that no fence is needed between their property.

272.136. Nothing in this chapter shall prevent either of adjoining landowners from building the landowner or the landowner's neighbor's portion of a fence in excess of the lawful fence requirements prescribed by this chapter.

[272.150. The owners and occupiers of saltpeter works within this state shall keep the same enclosed with a good and lawful fence, so as to prevent horses, cattle and other stock that may receive injury thereby from having access thereto.]

[272.160. Every person, owner or occupier of any saltpeter works within this state, failing to secure the same, with a good and lawful fence, from horses, cattle and any kind of stock that may be injured by drinking the saltpeter water, shall be liable to an action by the party injured by such neglect for double the value of such horses, cattle or other stock injured or killed by drinking such water, to be recovered in any court having competent jurisdiction to try the same.]

[272.170. Hereafter all persons owning or running cotton gins in the state of Missouri shall keep them enclosed with a sufficient fence to keep out hogs.]

[272.180. They shall not allow the cotton seed from their gin to be scattered or thrown outside of the enclosure.]

[272.190. Any person violating the provisions of sections 272.170 and 272.180 shall be liable for all damage accruing therefrom.]

[272.200. All lands, within this state, upon which sorghum or other poisonous crops are planted shall be enclosed by the owners and occupiers with a good and lawful fence so as to prevent horses, cattle or other stock that may receive injury thereby from having access thereto; provided, that a lawful fence as used in this section shall be construed to

mean such fences as are described elsewhere in this chapter and that the same penalties for damages as provided in section 272.160 shall be recoverable under this section; provided further, that this law shall not apply to counties and townships that have or may hereafter adopt a stock law.]

[272.210. As used in sections 272.210 to 272.370 the following words and terms have the following meanings:

(1) "Lawful fence", a fence with not less than four boards per four feet of height; said boards to be spaced no farther apart than twice the width of the boards used fastened in or to substantial posts not more than twelve feet apart with one stay, or a fence of four barbed wires supported by posts not more than fifteen feet apart with one stay or twelve feet apart with no stays, or any fence which is at least equivalent to the types of fences described herein;

(2) "Stay", a vertical member attached to each board or wire comprising the horizontal members of the fence.]

[272.220. All fields and enclosures in which livestock are kept or placed shall be enclosed by a lawful fence.]

[272.230. If any horses, cattle or other stock trespass upon the premises of an owner, the owner of the animal shall for the first trespass make reparation to the party injured for the true value of the damages sustained, to be recovered with costs before an associate circuit judge, or in any court of competent jurisdiction, and for any subsequent trespass the party injured may put up the animal or animals and take good care of them and immediately notify the owner, who shall pay to the taker-up the amount of the damages sustained, and such compensation as shall be reasonable for the taking up and keeping of the animals, before he shall be allowed to remove them, and if the owner and taker-up cannot agree upon the amount of the damages and compensation either party may make complaint to an associate circuit judge of the county, setting forth the fact of the disagreement, and the associate circuit judge shall be possessed of the cause, and shall issue a summons to the adverse party and proceed with the cause as in other civil cases. If the owner recovers, he shall recover his costs and any damages he may have sustained, and the associate circuit judge shall issue an order requiring the taker-up to deliver to him the animals. If the taker-up recovers, the judgment shall be a lien upon the animals taken up, and, in addition to a general judgment and execution, he shall have a special execution against the animals to pay the judgment rendered and costs.]

[272.235. If there is a need for a fence by either of two adjoining landowners both shall be obligated to build and maintain a fence under the provisions of sections 272.210 to 272.370. Nothing in sections 272.210 to 272.370 shall prevent adjoining landowners from agreeing that no fence is needed between their property.]

[272.240. Whenever the owner of real estate desires to erect or construct a lawful fence which wholly or partially borders the land of another, he shall notify the other owner that he desires a division fence. If within ninety days after receiving the notice, the other landowner has not erected or constructed one-half of the division fence, the owner desiring the fence may apply to the associate division of the circuit court for an order to proceed with the construction and ordering the other landowner to pay one-half the value of so much thereof, as borders his land, and upon the payment shall own an undivided one-half of the fence; except that no owner shall be required to pay more than one-half the value of a lawful fence of four barbed wires, regardless of the type fence constructed. The associate division of the circuit court costs shall be taxed against the other landowner.]

[272.250. If the parties interested fail to agree as to the value of one-half of the fence, the owner of the fence may apply to a circuit or associate circuit judge of the county, who shall without delay issue an order to three disinterested householders of the township, not of kin to either party, reciting the complaint, and requiring them to view the fence, estimate the value thereof, and make return under oath to the judge on the day named in the order.]

[272.260. If the person thus assessed or charged with the value of one-half of any fence, under the provisions of sections 272.210 to 272.370 shall neglect or refuse to pay over to the owner of the fence the amount so awarded, the same may be recovered before a court of competent jurisdiction.]

[272.270. 1. The several owners may, in writing, agree upon the portion of partition fences between their lands which shall be erected and maintained by each, which writing shall describe the lands and the parts of the fences so assigned, be signed and acknowledged by them, and filed and recorded in the office of the recorder of deeds of the county or counties in which they are situated. Any such agreement shall bind the makers, their heirs and assigns.

2. When one owner desires to make a division of the fence between his land and an adjoining landowner refuses to agree to a division, then the provisions of section 272.280 may be used to effect a division which shall be recorded in the office of the recorder of deeds in the county in which most of the fence is located.]

[272.280. If the parties cannot agree as to the part each shall have and keep in repair, either of them may apply to a circuit or associate circuit judge of the county who shall forthwith summon three disinterested householders of the township to appear on the premises, giving three days' notice to each of the parties of the time and place where said viewers shall meet, and the viewers shall, under oath, designate the portion to be kept in repair by each of the parties interested, and notify them in writing of the same.]

[272.290. Whenever the fence of any owner of real estate now erected or constructed, or which shall hereafter

be erected, constructed or rebuilt, the same being thereafter a fence designed to restrain swine, sheep or other animals requiring special fences, borders the land of another or which becomes a part of the fence bordering the land of another and is used to enclose such animals owned by the other person, on demand made by the person owning the fence, the other person shall pay the owner one-half of the value of so much thereof as borders his land, and upon the payment shall own an undivided half of the fence; except that no owner shall be required to pay more than the amount which would have been required to erect, construct or rebuild a lawful fence of four barbed wires on his one-half of the fence.]

[272.300. The persons appointed by the judge under sections 272.250 and 272.280 to discharge the duties therein specified, shall receive five dollars each per day for the time actually employed, which, together with the fees of the judge and sheriff, shall be taxed as costs in the case against the parties in proportion to their respective interests, and collected accordingly.]

[272.310. Every person owning a part of a division fence shall keep the same in good repair according to the requirements of sections 272.210 to 272.370. Either party owning land adjoining a division fence may, upon the failure of any of the other parties, have all that part of the division fence belonging to the other parties repaired, upon the failure of the other party to do so, the repairing to be at the cost of the party so failing to repair his part of the fence.]

[272.330. 1. The provisions of sections 272.240 to 272.350 shall apply to any division fence even though it may stand wholly upon one side of the division line.

2. The provisions of sections 272.210 to 272.370 shall not apply to counties which have all or partial open range.]

[272.340. Any person aggrieved by any order or judgment of the judge made or entered under the provisions of sections 272.250 and 272.280 may have the same reviewed by a petition in the circuit court of the county wherein the proceedings were had, verified by affidavit. A copy of the petition shall be delivered to the adverse party at least fifteen days before the commencement of the next term of the court, and the original filed in the office of the clerk; provided, that the petition may be filed within thirty days after the order or judgment was made or rendered, and not afterward.]

[272.350. The petition shall set forth the grounds of objection, and upon the filing thereof the circuit court shall be possessed of the cause, and proceed to hear and determine the objections, and make such order or judgment as may be right and just in the premises.]

[272.360. The provisions of sections 272.210 to 272.370 are hereby suspended in the several counties of this state until a majority of the legal voters of any county voting on the question at any general or special election called for that purpose shall decide to enforce the same in the county.]

[272.370. The county commission may on its own motion and shall upon the petition of one hundred real estate owners of ten acres or more of the county submit to the voters at a general or special election the proposition for the adoption by the county of the provisions of sections 272.210 to 272.370. The commission shall cause notice of the election to be published in a newspaper published within the county, or if no newspaper is published within the county, in a newspaper published in an adjoining county, for three weeks consecutively, the last insertion of which shall be at least ten days before the day of the election, and by posting printed notices thereof at three of the most public places in each township in the county. If a majority of the voters voting on the proposition vote in favor of the adoption of the provisions of sections 272.210 to 272.370 the county commission shall issue an order declaring the adoption. From and after the issuance of the order the provisions of sections 272.210 to 272.370 shall be in full force and effect in the county and the provisions of sections 272.010 to 272.140 shall be suspended in the county.]; and

"281.215. 1. There is hereby created in the state treasury the "Pesticide Project Fund". The annual registration fees imposed in section 281.260 shall be credited to the pesticide project fund. The moneys in the fund shall be used for the following purposes:

- (1) Up to ten percent for the administration of the fund;**
- (2) Up to ten percent for the pesticide education through the pesticide applicator training (PAT) program at the University of Missouri;**
- (3) Up to fifteen percent for the integrated pest management (IPM) practices through the integrated pest management program in the department of agriculture;**
- (4) Up to forty percent for the sustainable agriculture program in the department of agriculture and marketing of products carrying the AgriMissouri or successor trademark pursuant to sections 261.230 to 261.239, RSMo;**
- (5) Up to ten percent for the agriculture awareness program in the department of agriculture;**
- (6) Up to fifteen percent for pesticide and water quality monitoring projects; and**
- (7) Any remaining moneys may be used to fund other pest related issues as determined by the director.**

2. To be eligible for moneys in the pesticide project fund, the entities listed in subsection 1 of this section shall submit a proposed project plan to the director by March thirty-first prior to the fiscal year in which the moneys are to be allocated. Allocation of project moneys will be dependent upon an executed memorandum of understanding between the entity receiving the moneys and the director.

3. Within thirty days of the end of the state fiscal year in which moneys are allocated, the entities listed in subsection 1 of this section shall submit to the director a report which shall contain an accounting of all moneys expended from the pesticide project fund during such fiscal year and a report of the project or projects for which the moneys were utilized.

4. Any unobligated or unexpended project moneys allocated to an entity shall revert to the pesticide project fund within sixty days of the close of the project.

5. If an entity fails to complete a project as outlined in the project plan and memorandum of understanding, the entity shall submit partial or full payment of the allocated moneys to the pesticide project fund as determined by the director.

6. No moneys, except moneys for pesticide project fund administration, shall be withdrawn from the fund prior to July 1, 2002.

7. The maximum balance allowable in the pesticide project fund shall be two million dollars. Any moneys in excess of two million dollars shall revert to the general revenue fund at the end of the fiscal year.

8. The pesticide project fund shall be administered by the plant industries division within the department of agriculture.

281.260. 1. Every pesticide which is distributed, sold, offered for sale or held for sale within this state, or which is delivered for transportation or transported in intrastate commerce or between points within this state through any point outside of this state, shall be registered in the office of the director, and the registration shall be renewed annually.

2. The registrant shall file with the director a statement including:

(1) The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;

(2) The name of the pesticide;

(3) Classification of the pesticide; and

(4) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including directions for use.

3. The registrant shall pay an annual fee of [fifteen] **one hundred** dollars for each product registered in any calendar year or part thereof. The fee shall be deposited in the state treasury to the credit of the [general revenue fund] **pesticide project fund established in section 281.215**. All such registrations shall expire on December thirty-first of any one year, unless sooner canceled. A registration for a special local need pursuant to subsection 6 of this section, which is disapproved by the federal government, shall expire on the effective date of the disapproval.

4. Any registration approved by the director and in effect on the thirty-first day of December for which a renewal application has been made and the proper fee paid shall continue in full force and effect until such time as the director notifies the applicant that the registration has been renewed, or otherwise denied, in accord with the provisions of subsection 8 of this section. Forms for reregistration shall be mailed to registrants at least ninety days prior to the expiration date.

5. If the renewal of a pesticide registration is not filed prior to January first of any one year, an additional fee of [five dollars] **twenty-five percent** shall be assessed and added to the original fee and shall be paid by the applicant before the registration renewal for that pesticide shall be issued; provided, that, such additional fee shall not apply if the applicant furnishes an affidavit certifying that he **or she** did not distribute such unregistered pesticide during the period of nonregistration. The payment of such additional fee is not a bar to any prosecution for doing business without proper registry.

6. Provided the state complies with requirements of the federal government to register pesticides to meet special local needs, the director shall require that registrants comply with sections 281.210 to 281.310 and pertinent federal laws and regulations. Where two or more pesticides meet the requirements of this subsection, one shall not be registered in preference to the other.

7. The director may require the submission of the complete formula of any pesticide to approve or deny product registration. If it appears to the director that the composition and efficacy of the pesticide is such as to warrant the proposed claims for it and if the pesticide and its labeling and other material required to be submitted comply with the requirements of sections 281.210 to 281.310, [he] **the director** shall register the pesticide.

8. Provided the state is authorized to issue experimental use permits, the director may:

(1) Issue an experimental use permit to any person applying for an experimental use permit if [he] **the director** determines that the applicant needs such permit in order to accumulate information necessary to register a pesticide [under] **pursuant to** sections 263.269 to 263.380. An application for an experimental use permit may be filed at the time of or before or after an application for registration is filed;

(2) Prescribe terms, conditions, and period of time for the experimental permit which shall be under the supervision of the director;

(3) Revoke any experimental permit, at any time, if [he] **the director** finds that its terms or conditions are being violated, or that its terms and conditions are inadequate to avoid unreasonable adverse effects on the environment.

9. If it does not appear to the director that the pesticide is such as to warrant the proposed claims for it or if the pesticide and its labeling and other material required to be submitted do not comply with the provisions of sections 281.210 to 281.310 or with federal laws, [he] **the director** shall notify the registrant of the manner in which the pesticide, labeling, or other material required to be submitted fail to comply with sections 281.210 to 281.310 or with federal laws so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the pesticide be registered or, in the case of a pesticide that is already registered, that it not be canceled, the director, within ninety days, shall hold a public hearing to determine if the pesticide in question should be registered or canceled. If, after such hearing, it is determined that the pesticide should not be registered or that its registration should be canceled, the director may refuse registration or cancel an existing registration until the required label changes are accomplished. If the pesticide is shown to be in compliance with sections 281.210 to 281.310 and federal laws, the pesticide will be registered. Any appeals resulting from administrative decisions by the director will be taken in accordance with sections 536.100 to 536.140, RSMo.

10. Notwithstanding any other provision of sections 281.210 to 281.310, registration is not required in the case of a pesticide shipped from one plant or warehouse within this state to another plant or warehouse within this state when such plants are operated by the same persons.

11. The director shall not make any lack of essentiality a criterion for denying registration of a pesticide except where none of the labeled uses are present in the state. Where two or more pesticides meet the requirements of sections 281.210 to 281.310, one shall not be registered in preference to the other."; and

Further amend said title, enacting clause and intersectional references accordingly.

Such trial shall be conducted pursuant to the Missouri rules of civil procedure and not as an appeal of an administrative decision pursuant to chapter 536, RSMo. The petition shall be filed in the circuit court of the county where the arrest occurred. The case shall be decided

by the judge sitting without a jury. The presiding judge of the circuit court may assign a [traffic judge, pursuant to section 479.500, RSMo 1994, a] circuit judge or an associate circuit judge to hear such petition.

But upon the filing of such petition, a restricted driving privilege for the limited purpose of driving in connection with the petitioner's business, occupation, employment, or formal program of secondary, postsecondary or higher education shall be issued by the department if the person's driving record shows no prior alcohol related enforcement contact during the immediately preceding five years. Such limited driving privilege shall terminate on the date of the disposition of the petition for trial de novo.

In addition to the limited driving privilege as permitted in subsection 2 of this section, the department may upon the filing of a petition for trial de novo issue a restricted driving privilege for the limited purpose of driving in connection with the petitioner's business, occupation, employment, or formal program of secondary, postsecondary or higher education. In determining whether to issue such a restrictive driving privilege, the department shall consider the number and the seriousness of prior convictions and the entire driving record of the driver.

4. Such time of restricted driving privilege pending disposition of trial de novo shall be counted toward any time of restricted driving privilege imposed pursuant to section 302.525. Nothing in this subsection shall be construed to prevent a person from maintaining his restricted driving privilege for an additional sixty days in order to meet the conditions imposed by section 302.540 for reinstating a person's driver's license.”; and

Further amend said bill, Page 21, Section 304.028, Line 26, by inserting after all of said line the following:

“479.500. 1. In the twenty-first judicial circuit, a majority of the circuit judges, en banc, may establish a traffic court, which shall be a division of the circuit court, and may authorize the appointment of not more than three municipal judges who shall be known as traffic judges. The traffic judges shall be appointed by a traffic court judicial commission consisting of the presiding judge of the circuit, who shall be the chair, one circuit judge elected by the circuit judges, one associate circuit judge elected by the associate circuit judges of the circuit, and two members appointed by the county executive of St. Louis County, each of whom shall represent one of the two political parties casting the highest number of votes at the next preceding gubernatorial election. The procedures and operations of the traffic court judicial commission shall be established by circuit court rule.

2. Traffic judges may be authorized to act as commissioners to hear in the first instance nonfelony violations of state law involving motor vehicles, and such other offenses as may be provided by circuit court rule. Traffic judges may also be authorized to hear in the first instance violations of county and municipal ordinances involving motor vehicles, and other county ordinance violations, as provided by circuit court rule.

3. In the event that a county municipal court is established pursuant to section 66.010, RSMo, which takes jurisdiction of county ordinance violations the circuit court may then authorize the appointment of no more than two traffic judges authorized to hear municipal ordinance violations other than county ordinance violations, and to act as commissioner to hear in the first instance nonfelony violations of state law involving motor vehicles, and such other offenses as may be provided by rule. [These traffic court judges also may be authorized to act as commissioners to hear in the first instance petitions to review decisions of the department of revenue or the director of revenue filed pursuant to sections 302.309, 302.311, 302.535 and 302.750, RSMo.]

4. In establishing a traffic court, the circuit may be divided into such sectors as may be established by a majority of the circuit and associate circuit judges, en banc. The traffic court in each sector shall hear those cases arising within the territorial limits of the sector unless a case arising within another sector is transferred as provided by operating procedures.

5. Traffic judges shall be licensed to practice law in this state and shall serve at the pleasure of a majority of the circuit and associate circuit judges, en banc, and shall be residents of St. Louis County, and shall receive from the state as annual compensation an amount equal to one-third of the annual compensation of an associate circuit judge. Each judge shall devote approximately one-third of his working time to the performance of his duties as a traffic judge. Traffic judges shall not accept or handle cases in their practice of law which are inconsistent with their duties as a traffic judge and shall not be a judge or prosecutor for any other court. Traffic judges shall not be considered state employees and shall not be members of the state employees' or judicial retirement system or be eligible to receive any other employment benefit accorded state employees or judges.

6. A majority of the judges, en banc, shall establish operating procedures for the traffic court which shall provide for regular sessions in the evenings after 6:00 p.m. and for Saturday or other sessions as efficient operation and convenience to the public may require. Proceedings in the traffic court, except when a judge is acting as a commissioner

pursuant to this section, shall be conducted as provided in supreme court rule 37. The hearing shall be before a traffic judge without jury, and the judge shall assume an affirmative duty to determine the merits of the evidence presented and the defenses of the defendant and may question parties and witnesses. No term of imprisonment or confinement may be assessed by a traffic judge. In the event a jury trial is requested, the cause shall be certified to the circuit court for trial by jury as otherwise provided by law. Clerks and computer personnel shall be assigned as needed for the efficient operation of the court.

7. In establishing operating procedure, provisions shall be made for appropriate circumstances whereby defendants may enter not guilty pleas and obtain trial dates by telephone or written communication without personal appearance, or to plead guilty and deliver by mail or electronic transfer or other approved method the specified amount of the fine and costs as otherwise provided by law, within a specified period of time.

8. Operating procedures shall be provided for electronic recording of proceedings, except that if adequate recording equipment is not provided at county expense, then, in that event, a person aggrieved by a judgment of a traffic judge or commissioner shall have the right of a trial de novo. The procedures for perfecting the right of a trial de novo shall be the same as that provided under sections 512.180 to 512.320, RSMo, except that the provisions of subsection 2 of section 512.180, RSMo, shall not apply to such cases.

9. The circuit court shall only have the authority to appoint two commissioners with the jurisdiction provided in subsection 3 of this section.

10. All costs to establish and operate a county municipal court under section 66.010, RSMo, and this section shall be borne by such county.”; and

Further amend the title and enacting clause accordingly.

(2) To formulate and fix the rules and procedures for fair and impartial referendums on the establishing or disestablishment of soil and water districts and for fair and impartial selection of soil and water district supervisors;

(4) To advise any soil and water conservation district in developing its program for saving the soil and water in order that such district may become eligible for any form of aid from state or federal sources;

(9) To promulgate such rules and regulations as may be necessary to effectively administer a state-funded soil and water conservation cost-share program. Any rule or portion of a rule promulgated under the authority of sections 278.060 to 278.300 shall become effective only if it has been promulgated pursuant to the provisions of chapter 536, RSMo.

6. Unless prohibited by any federal or state law, the commission may grant individual variances to any rule or regulation promulgated thereto, upon presentation of adequate proof, that compliance with sections 278.070 to 278.300, or any rule or regulation, standard, requirement, limitation or order of the commission will have an arbitrary and unreasonable impact on landowners participating in soil and water conservation eligible practices. WHEREAS, the United States Department of Agriculture emphasizes the importance of guiding agriculture toward value-added opportunities; and

WHEREAS, agricultural producers will own 100% of the facility, provide over 110 jobs in the area, and realize between three and five million dollars per year in profits and premiums; and

WHEREAS, the facility purchase price is far below the price of new construction and will provide a new purpose for the Quaker Oats facility which has been in existence since 1926; and

WHEREAS, the United States Department of Agriculture provides many beneficial programs which will be crucial to the success of the project; and

HOUSE COMMITTEE SUBSTITUTE
FOR
SENATE CONCURRENT RESOLUTION NO. 28

WHEREAS, recent high fuel prices have alerted us to the need to improve our nation's policies on fuel production; and

WHEREAS, the Organization of Petroleum Exporting Countries (OPEC) has recently suggested that they will reduce crude oil production again in an attempt to manipulate prices; and

WHEREAS, reductions in crude oil production have resulted in sharp increases in prices for natural gas, gasoline and home heating oil; and

WHEREAS, the United States has become dangerously dependent on foreign petroleum; and

WHEREAS, Missouri consumers are experiencing higher prices at the pump and in home heating costs, and the economic stability of many areas of the state which rely on tourism may be jeopardized if the number of persons traveling to Missouri's vacation destinations is significantly reduced due to increased gasoline prices; and

WHEREAS, the trucking industry, heavily dependent on the availability and price of gasoline and diesel fuel, has been especially hard hit by the increase in fuel costs that have resulted in a significant increase in the transportation costs associated with the delivery of consumer goods throughout the state. Such an increase in cost to the trucking industry will inevitably be passed along to consumers as an increase in the price of consumer goods; and

WHEREAS, the increased petroleum fuel costs is particularly detrimental to Missouri family farmers because it comes at a time when overall market prices are low; and

WHEREAS, fuel prices could be reduced by improving energy efficiency and increasing domestic production and encouraging the development of renewable alternative fuels; and

WHEREAS, the Missouri Statewide Energy Study, completed in 1993, found that more than eighty percent of Missourians' expenditures for energy go immediately out of state without contributing further to Missouri's economy; and

WHEREAS, investment in energy efficiency creates jobs and has additional economic benefits within the Missouri economy; and

WHEREAS, energy efficiency measures reduce future energy expenditures and thereby make our state economy more energy efficient and thereby more competitive in the global economy; and

WHEREAS, tax and other incentives are useful in promoting greater energy efficiency:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the United States Congress to actively address the issue of energy demand and fuel prices, and take immediate actions necessary to increase energy efficiency and reduce our nation's dependency on foreign petroleum sources and boost our own economy by:

(1) Encouraging and creating incentives for energy efficiency investments that create jobs and improve Missouri's economic competitiveness; and

(2) Encouraging and creating incentives for research, development and use of alternative fuel sources, including ethanol and other fuels made from renewable materials that would not only reduce our dependency on foreign petroleum, but also have the potential to improve environmental protection and boost local economies; and

(3) Enacting reasonable measures to support the utilization of solar and other alternative fuel sources and to provide for exploration for domestic petroleum sources in a manner that does not adversely impact the environment; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate and each member of the Missouri Congressional delegation.

House Amendment No. 4

AMEND House Substitute for House Committee Substitute for Senate Bill No. 371, Page 27, Section 104.374, Line 22 of said page, by inserting after all of said line the following:

"4. In addition to the amount determined pursuant to subsection 1 of this section, the normal annuity of a uniformed conservation agent shall be increased by thirty-three and one-third of the benefit."; and

Further amend said bill, Page 49, Section 104.602, Line 20 of said page by inserting after all of said line the following:

"104.610. 1. Any person, who is receiving or hereafter may receive state retirement benefits from the Missouri state employees' retirement system other than a person with twelve or more years of service in statewide state elective office receiving benefits pursuant to the provisions of section 104.371, a legislators' retirement system, or the highways and transportation employees' and highway patrol retirement system, upon application to the board of trustees of the system from which he or she is receiving retirement benefits, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received on his or her retirement, shall be equal to the state retirement benefits the person would be receiving currently if the person had benefited from changes in the law effecting increases in the rate in the formula for calculating benefits in his or her respective retirement system, for his or her type of employment or for those persons having accrued thirty-five or more years of creditable service, changes in the law pertaining to the age and service requirements for a normal annuity in his or her respective retirement system, made subsequent to the date of his or her retirement; except that in calculating such benefits the meaning of "average compensation" shall be that ascribed to it by the law in effect on the date on which the benefits pursuant to this section are calculated.

2. In lieu of any other benefits pursuant to the provisions of this section, any member of the Missouri state employees' retirement system who has or may hereafter retire pursuant to the provisions of section 104.371, pertaining to those members who have held statewide state elective office for at least twelve years, may apply pursuant to this section to be employed as a special consultant and for such services shall be compensated monthly, in an amount, which, when added to any monthly state retirement benefits received initially on his or her retirement, shall be equal to the state retirement benefits the person would be receiving if the person had benefited from changes in the law affecting increases in compensation for statewide state elective offices, pursuant to house substitute for senate bill no. 528, second regular session of the eighty-second general assembly, any other provisions of the law to the contrary notwithstanding.

3. This compensation shall be consolidated with any other retirement benefits payable to the person, and shall be funded as provided in section 104.436.

4. This compensation shall be treated as any other state retirement benefits payable by the Missouri state employees' retirement system or the highways and transportation employees' and highway patrol retirement system are treated and shall not be subject to execution, garnishment, attachment, writ of sequestration, or any other process or claim whatsoever, and shall be unassignable, anything to the contrary notwithstanding.

5. The employment provided for by this section shall in no way affect any person's eligibility for retirement benefits pursuant to this chapter, or in any way have the effect of reducing retirement benefits, anything to the contrary notwithstanding.

6. In order to determine the total monthly state retirement compensation due each retiree who is eligible for the additional amount provided for in subsection 1 of this section, the following formula shall be used:

(1) The retiree's base monthly retirement compensation shall be determined by dividing the sum of the retiree's annual normal annuity as of the effective date of any increase in the rate in the formula for calculating benefits in his or her respective retirement system plus any annual increases granted such retiree as a result of his or her being a consultant, by twelve;

(2) The amount determined pursuant to subdivision (1) of this subsection shall be increased by an amount equal to the base monthly retirement compensation calculated pursuant to subdivision (1) of this subsection multiplied by the percentage increase in the rate in the formula;

(3) The sum obtained from completing the calculations contained in subdivisions (1) and (2) of this subsection

shall be the retiree's new total monthly state retirement compensation. Any retiree who is eligible for the benefit provided in subsection 1 of this section whose benefit pursuant to subsection 1 of this section was not calculated in accordance with the procedure provided in this subsection shall have his or her total monthly retirement compensation for all months beginning on or after September 28, 1985, recalculated in accordance with this subsection.

7. The provisions of this section are severable. If any provision of this section is found by a court of competent jurisdiction to be unconstitutional or otherwise invalid, the remaining provisions of this section are valid unless the court finds that such valid provisions, standing alone, are incomplete and incapable of being executed in accordance with the legislative intent.

8. Any person who terminates employment or retires prior to July 1, 2000, shall be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging, and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions, and be available to give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be eligible to elect to receive a retirement annuity pursuant to the year 2000 plan as provided in this chapter.

9. Effective August 28, 2000, any person otherwise eligible for survivor benefits due to the death of a member prior to retirement, who was married less than two years to the member at the time of the member's death, shall, upon application to the board, be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters. As a special consultant pursuant to the provisions of this subsection, the person shall begin to receive a survivor benefit in a monthly amount equal to what the system would have paid the person had the person been eligible for such survivor benefit upon the death of the member. Such benefit shall commence the first of the month following receipt by the system of an application from such person, but not earlier than September 1, 2000. In no event shall any retroactive benefits be paid.

10. Any person who is receiving or hereafter may receive retirement benefits pursuant to section 104.374, and would qualify for a benefit pursuant to subsection 4 of section 104.374 if such person were an active employee or beneficiary of an active employee, shall, upon application to the board of trustees of the system from which he or she is receiving retirement benefits, be made, constituted, appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters, for the remainder of the person's life, and upon request of the board, or other state agencies where such person was employed prior to retirement, give opinions in writing, or orally, in response to such requests, as may be required, and for such services shall be compensated monthly, in an amount which, when added to any monthly state retirement benefits received on his or her retirement, shall be equal to the retirement benefits the person would be receiving currently if the person had benefited from changes in the law effecting increases pursuant to subsection 4 of section 104.374."; and

Further amend said title, enacting clause and intersectional references accordingly.

The decision of the director shall contain a notice of the right of appeal in substantially the following language:

If you were adversely affected by this decision, you may appeal to the administrative hearing commission. To appeal, you must file a petition with the administrative hearing commission within thirty days after the date of this decision was mailed or the date it was delivered, whichever date was earlier. If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the commission. The procedures applicable to the processing of such hearings and determinations shall be those established by chapter 536, RSMo. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, no appropriation made to the fund shall lapse. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Interest and moneys earned on such investments shall be credited to the fund.

324.1017. The director shall have the authority to borrow funds from any agency within the division to commence operations upon appropriation for such purpose. This authority shall cease at such time that a sufficient fund has been established by the agency to fund its operations and repay the amount borrowed."; and

Senate Amendment No. 5

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 567, Page 45, Section 324.530, Line 19 of said page, by inserting after all of said line the following:

"324.700. As used in sections 324.700 to 324.745, unless the context provides otherwise, the following terms shall mean:

- (1) "Division", the division of motor carrier and railroad safety;

- (3) "Housemover", a person actively engaged on a full-time basis in the intrastate movement of houses on public roads and highways of this state;
- (4) "Housemoving", engaging actively and directly on a full-time basis in the intrastate movement of houses on public roads and highways of this state;

- (3) The applicant must exhibit his federal employer's identification number; and
- (4) The applicant must pay an annual license fee of one hundred dollars. All moneys received for housemover licenses shall be paid to and collected by the division of motor carrier and railroad safety and transmitted to the director of revenue and deposited in the state treasury to the credit of the state highways and transportation fund as established in section 226.200, RSMo.

324.709. A license issued pursuant to sections 324.700 to 327.742 shall be effective for a period of one year from the date of issuance and shall be renewable on an annual basis.

324.712. 1. No license shall be issued or renewed unless the applicant files with the division a certificate

or certificates of insurance from an insurance company or companies authorized to do business in this state. The applicant must demonstrate that he or she has:

(1) Motor vehicle insurance for bodily injury to or death of one or more persons in any one accident and for injury or destruction of property of others in any one accident with minimum coverage of five hundred thousand dollars;

(2) Comprehensive general liability insurance with a minimum coverage of two million dollars, including coverage of operations on state streets and highways that are not covered by motor vehicle insurance; and

(3) Workers' compensation insurance that complies with chapter 287, RSMo, for all employees.

2. The certificate or certificates shall provide for continuous coverage during the effective period of the license issued pursuant to this section. At the time the certificate is filed, the applicant shall also file with the division a current list of all motor vehicles covered by the certificate. The applicant shall file amendments to the list within fifteen days of any changes.

3. An insurance company issuing any insurance policy required by this section shall notify the division of any of the following events at least thirty days before its occurrence:

(1) Cancellation of the policy;

(2) Nonrenewal of the policy by the company; or

(3) Any change in the policy.

4. In addition to all coverages required by this section, the applicant shall file with the division a copy of either:

(1) A bond or other acceptable surety providing coverage in the amount of fifty thousand dollars for the benefit of a person contracting with the housemover to move that person's house for all claims for property damage arising from the movement of a house; or

(2) A policy of cargo insurance in the amount of one hundred thousand dollars.

324.715. 1. Persons licensed as housemovers shall also be required to secure a special permit, as provided for pursuant to section 304.200, RSMo, from the chief engineer of the department of highways and transportation for every move undertaken on the state highway system. The permit shall be issued by the chief engineer if the chief engineer determines that the applicant:

(1) Is properly licensed pursuant to sections 324.700 to 324.745;

(2) Has furnished the surety bond or policy of cargo insurance required by subsection 4 of section 324.712; and

(3) Is complying with such other regulations as required by the division of motor carrier and railroad safety.

2. A license shall not be required for individuals moving their own houses from or to property owned individually by those persons; however, a special permit will be required for all moves.

3. Licensed housemovers shall furnish one rear escort vehicle on interstate and other divided highways. Licensed housemovers shall provide two escorts on all multi-lane and two-lane highways, one in front and one rear.

324.718. 1. Application for a special permit to move a house must be made to the chief engineer of the department of transportation at least two days prior to the date of the move. For good cause shown, this time may be waived by the chief engineer.

2. A travel plan shall accompany the application for the special permit. The travel plan will show the proposed route, the time estimated for each segment of the move, a plan to handle traffic so that no one delay to other highway users shall exceed twenty minutes. The chief engineer shall review the travel plan and if the route cannot accommodate the move due to roadway weight limits, bridge size or weight limits, or will cause undue interruption of traffic flow, the special permit shall not be issued.

3. The applicant may submit alternate plans if desired until an acceptable route is determined. If the width of the house to be relocated is more than thirty-six feet, or if no acceptable travel plan has been filed, and the denial of the permit would cause a hardship, the application and travel plan may be submitted to the chief engineer on appeal. After reviewing the route and travel plan, the chief engineer may in his or her discretion issue the permit after considering the practical physical limitations of the route, the nature and purpose of the move, the size and weight of the house, the distance the house is to be moved, and the safety and convenience of the traveling public. A surety bond in the amount to cover the cost of any damage to the pavement, structures, bridges, roadway or other damages that may occur may be required if deemed necessary by the chief engineer.

324.721. All obstructions, including traffic signals, signs, and utility lines will be removed immediately

prior to and replaced immediately after the move at the expense of the housemover, provided that arrangements for and approval from the owner is obtained.

324.724. Irrespective of the route shown on the special permit, an alternate route will be followed:

(1) If directed by a peace officer;

(2) If directed by a uniformed officer assigned to a weighing station to follow a route to a weighing device;

or

(3) If the specified route is officially detoured. Should a detour be encountered, the driver shall check with the department of transportation prior to proceeding.

324.727. The house to be transported will not be loaded, unloaded, nor parked, day or night, on a highway right-of-way without specific permission from the director.

324.730. No move will be made when atmospheric conditions render visibility lower than safe for travel. Moves will not be made when highways are covered with snow or ice, or at any time travel conditions are considered unsafe by the director or highway patrol or other law enforcement officers having jurisdiction.

324.733. The permit may be voided if any conditions of the permit are violated. Upon any violation, the permit must be surrendered and a new permit obtained before proceeding. Misrepresentation of information on an application to obtain a license, fraudulently obtaining a permit, alteration of a permit, or unauthorized use of a permit will render the permit void.

324.736. All moves on streets on the municipal system of streets shall comply with local ordinances. The officer in charge of the maintenance of streets of any municipality may issue permits for the use of the streets by housemovers within the limits of such municipalities.

324.739. The speed of moves will be that which is reasonable and prudent for the load, considering weight and bulk, under conditions existing at the time.

324.742. Any person violating sections 324.700 to 324.745 or the regulations of the division or department of transportation shall be guilty of a class A misdemeanor.

324.745. 1. If any provisions of sections 324.700 to 324.745, or if the application of such provisions to any person or circumstance shall be held invalid, the remainder of this section and the application of such provision of sections 324.700 to 324.745 other than those as to which it is held valid, shall not be affected thereby.

2. Nothing in sections 324.700 to 324.745 shall be construed to limit, modify or supercede the standards governing the intrastate or interstate movement of property pursuant to 49 U.S.C. 14501 or 49 U.S.C. 14504.

3. The provisions of sections 324.700 to 324.745 shall not apply to housemovers engaged in the interstate movement of houses. Those engaged in the interstate movement of houses, however, shall comply with all applicable provisions of federal and state law with respect to the movement of such property.”; and

Further amend the title and enacting clause accordingly.

CORRECTIONS TO THE HOUSE JOURNAL

Correct House Journal, Sixty-seventh Day, Thursday, May 3, 2001, page 1612, lines 13 through 40 and page 1613, lines 2 through 17, by deleting all of said lines and inserting in lieu thereof the following:

HOUSE COMMITTEE SUBSTITUTE FOR SENATE CONCURRENT RESOLUTION NO. 28

WHEREAS, recent high fuel prices have alerted us to the need to improve our nation's policies on fuel production and efficient use of energy; and

WHEREAS, the Organization of Petroleum Exporting Countries (OPEC) has recently suggested that they will reduce crude oil production again in an attempt to manipulate prices; and

WHEREAS, reductions in crude oil production have resulted in sharp increases in prices for natural gas, gasoline and home heating oil; and

WHEREAS, the United States has become dangerously dependent on foreign petroleum; and

WHEREAS, Missouri consumers are experiencing higher prices at the pump and in home heating costs and these high prices are negatively impacting their quality of life; and

WHEREAS, the economic stability of many areas of the state which rely on tourism may be jeopardized if the number of persons traveling to Missouri's vacation destinations is significantly reduced due to increased gasoline prices; and

WHEREAS, the trucking industry, heavily dependent on the availability and price of gasoline and diesel fuel, has been especially hard hit by the increase in fuel costs that have resulted in a significant increase in the transportation costs associated with the delivery of consumer goods throughout the state. Such an increase in cost to the trucking industry will inevitably be passed along to consumers as an increase in the price of consumer goods; and

WHEREAS, the increased petroleum fuel costs is particularly detrimental to Missouri family farmers because it comes at a time when overall market prices are low; and

WHEREAS, fuel prices could be reduced by increasing domestic production and encouraging the development of markets for products that can be used as the source material for renewable alternative fuels:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate of the Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to actively address the issue of fuel prices and take immediate actions necessary to reduce our nation's dependency on foreign petroleum sources, boost our own economy, and increase energy efficiency by:

(1) Encouraging exploration for domestic petroleum sources in a manner that does not, based on established scientific principles, adversely impact the environment;

(2) Encouraging and creating incentives for fuel conservation measures that do not, based on established economic principles, harm the economy; and

(3) Encouraging and creating incentives for research, development and use of solar and other alternative fuel sources, including ethanol and other fuels made from renewable materials that would not only reduce our dependency on foreign petroleum, but also have the potential to improve environmental protection and boost local economies; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives, Secretary Gale Norton of the United States Department of the Interior, Secretary Spencer Abraham of the United States Department of Energy, Secretary Ann M. Veneman of the United States Department of Agriculture, Administrator Christine Todd Whitman of the United States Environmental Protection Agency, the White House Office of Management and Budget, and each member of the Missouri Congressional delegation.

JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

SIXTY-NINTH DAY, TUESDAY, MAY 8, 2001

Speaker Pro Tem Abel in the Chair.

Prayer by Father David Buescher.

Divine Friend, help us clear away the worries and the stress, even if just for a moment, and listen for a sense of Your presence. You, O God, are over us, to be sure, but more to our liking, around us like arms embracing, and within us, like our very breath.

Help each of us to tune to the correct frequency or the right wavelength, whatever image works, that we might know the depth of Your profound creative love for each of us. Then may this day's work be done together in serenity and grace. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Dieter Hinrichs, Emma Leigh Shankland and Jake Ray.

HOUSE RESOLUTION NO. 922

WHEREAS, the budget of the Missouri Department of Social Services has reached over five billion dollars out of a nineteen billion dollar state budget which represents twenty-seven percent of that total; and

WHEREAS, the Department of Social Services provides funding for important programs for over one million Missourians, primarily children, people with disabilities and the elderly; and

WHEREAS, the House of Representatives Committee on Appropriations for Social Services spends over two months every year evaluating the budget for the Department of Social Services but has no time to closely examine the core budget of the Department where the majority of the funding is located; and

WHEREAS, at a minimum seventy-six legislative districts will be represented by new legislators in 2003, greatly affecting the number of legislators with a working knowledge of the budget; and

WHEREAS, a detailed summary and analysis of the core of the budget of the Department of Social Services and a thorough evaluation of the effectiveness of the Department's programs in serving our young, disabled and elderly citizens and an appraisal of whether the Department uses the funds in a fiscally responsible manner would be a valuable guide to future legislators evaluating the budget for the Department of Social Services:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri House of Representatives of the Ninety-first General Assembly, First Regular Session, that a House Interim Committee of the General Assembly be created, to be appointed by the Speaker of the House of Representatives by June 1, 2001, and that said committee be authorized to function during the interim between the First Regular Session and the Second Regular Session of the Ninety-first General Assembly; and

BE IT FURTHER RESOLVED that said committee make an in-depth analysis of the budget of the Department of Social Services and evaluate the effectiveness of the Department's programs and appraise the Department's spending practices including the solicitation of information from appropriate state agencies and the public; and

BE IT FURTHER RESOLVED that the committee be authorized to hold hearings as it deems advisable, and that the staff of House Research provide such legal, research, clerical, technical services and staff of the Committee on Legislative Research provide such drafting services as requested by the committee; and

BE IT FURTHER RESOLVED that the committee, its members, and any staff personnel assigned to the committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee or any subcommittee thereof; and

BE IT FURTHER RESOLVED that the committee report its findings to the Missouri General Assembly by December 1, 2001, and the authority of such committee shall terminate on December 31, 2001.

JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

SEVENTIETH DAY, WEDNESDAY, MAY 9, 2001

Speaker Pro Tem Abel in the Chair.

Prayer by Reverend Rudy Beard.

O Lord, in the midst of the activity and pressure of this day, we ask that You keep us aware of Your presence. There is much before the men and women of this House. Grant them the gift to distinguish between the hot words and hot air of debate and the way that opens to progress and service for Missouri. Bless this House and the staff that works to support its members.

To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Hannah Schweigert, Ethan Schweigert, Levi Schweigert, Deanna Leible, Lindsay Holt, Mathew Urness, Elisa Orr, Casey Zook, Damon Offield, Jeff Jones, Megan Attebury, Meghan Stubbs, Amy Bryan and Krystyl Kercher.

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate refuses to recede from its position on **SA 1 to HS HJR 11** and grants the House a conference thereon.

The President Pro Tem has appointed the following Conference Committee to act with a like Committee from the House: Senators Goode, Gibbons, Gross, Klarich and Scott.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate conferees on **SCS HB 16** are allowed to exceed the differences.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCS HCR 24**.

SENATE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NO. 24

WHEREAS, recent high fuel prices have alerted us to the need to improve our nation's policies on fuel production; and

WHEREAS, the Organization of Petroleum Exporting Countries (OPEC) has recently suggested that they will reduce crude oil production again in an attempt to manipulate prices; and

WHEREAS, reductions in crude oil production have resulted in sharp increases in prices for natural gas, gasoline and home heating oil; and

WHEREAS, the United States has become dangerously dependent on foreign petroleum; and

WHEREAS, with natural gas selling at record highs, the production of reformulated gasolines containing MTBE, an additive made from natural gas, has been significantly reduced, resulting in shortages of reformulated gasoline in regions of the country dependent on the use of such gasoline blends to meet the federal government's antipollution standards; and

WHEREAS, Missouri consumers are experiencing higher prices at the pump and in home heating costs, and the economic stability of many areas of the state which rely on tourism may be jeopardized if the number of persons traveling to Missouri's vacation destinations is significantly reduced due to increased gasoline prices; and

WHEREAS, the trucking industry, heavily dependent on the availability and price of gasoline and diesel fuel, has been especially hard hit by the increase in fuel cost that have resulted in a significant increase in the transportation costs associated with the delivery of consumer goods throughout the state. Such an increase in cost to the trucking industry will inevitably be passed along to consumers as an increase in the price of consumer goods; and

WHEREAS, the increased petroleum fuel costs is particularly detrimental to Missouri family farmers because it comes at a time when overall market prices are low; and

WHEREAS, fuel prices could be reduced by increasing domestic production and encouraging the development of markets for products that can be used as the source material for renewable alternative fuels:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-first General Assembly, First Regular Session, the Senate concurring therein, hereby urge the United States Congress to actively address the issue of fuel prices and take immediate actions necessary to reduce our nation's dependency on foreign petroleum sources and boost our own economy by:

- (1) Encouraging exploration for domestic petroleum sources in a manner that does not adversely impact the environment;
- (2) Encouraging and creating incentives for fuel conservation measures that do not harm the economy; and
- (3) Encouraging and creating incentives for research, development and use of solar and other alternative fuel sources, including ethanol and other fuels made from renewable materials that would not only reduce our dependency on foreign petroleum, but also have the potential to improve environmental protection and boost local economies; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate and each member of the Missouri Congressional delegation.

In which the concurrence of the House is respectfully requested.

"167.680. 1. There is hereby established within the department of elementary and secondary education the "After- School Retreat Reading and Assessment Grant Program". Beginning with the 2002-2003 school year, the program shall award grants to schools on a competitive grant basis. School districts may develop after-school reading and assessment programs and submit proposals to the department, pursuant to criteria established by the department for grant approval and on forms promulgated by the department for grant applications. Copies of the criteria established pursuant to this section shall be provided by the department to all school districts in this state. In awarding such grants, the department shall grant preference to school districts with a higher percentage of at-risk students, as the department may determine. In addition, the criteria for grant approval by the department may include, but shall not be limited to:

to school districts for the development and implementation of after-school retreat programs consistent with this section. In the event that the appropriations or other moneys available for such grants are less than the amount necessary to fully fund all approved grants for the 2002-2003 school year or any subsequent school year, the moneys shall be distributed to approved schools on a pro rata basis.

3. The fund shall be administered by the department. The fund shall consist of moneys appropriated annually by the general assembly from general revenue to such fund, any moneys paid into the state treasury and required by law to be credited to such fund and any gifts, bequests or donations to such fund. The fund shall be kept separate and apart from all other moneys in the state treasury and shall be paid out by the state treasurer pursuant to chapter 33, RSMo. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the fund at the end of the biennium shall not be transferred to the credit of the general revenue fund. JOURNAL OF THE HOUSE

First Regular Session, 91st GENERAL ASSEMBLY

SEVENTY-FIRST DAY, THURSDAY, MAY 10, 2001

Speaker Kreider in the Chair.

Prayer by Reverend Rudy Beard.

God of our Fathers and Mothers, as we unite in this prayer for Your blessings upon the members of this body and their staff, we confess that we are too anxious to have the approval of others. Do not let us forget that it is Your approval that brings peace and a clear conscience.

Keep us aware of Your writing. Strengthen these men and women as they serve You and the people of Missouri this day. To You be glory and honor. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Caitlin Jewett, Lindsey Kingsolver, Joshua Hosmer-Quint, John Taylor Hosmer-Quint and Dylan Hosmer-Quint.

The Journal of the seventieth day was approved as corrected.

SENATE CONCURRENT RESOLUTION NO. 31

WHEREAS, the citizens of Missouri believe in the principles of free markets, limited government, federalism and individual liberty are essential to providing the greatest amount of economic and political freedom for our citizens; and

WHEREAS, careful stewardship of our nation's precious natural resources is essential if future generations are to enjoy and prosper from them; and

WHEREAS, voluntary industry leadership in the private sector is the best method of productive and economically viable environmental stewardship of our land, forests, water and wild life; and

WHEREAS, the General Assembly believes that voluntary forest product management and leadership by the private sector in sustaining forest resources is preferable to government imposed resource management mandates; and

WHEREAS, Americans have taken pride in their nations' rich bounty of natural resources, and careful stewardship of these precious assets is essential if future generations are to enjoy and benefit from them; and

WHEREAS, the forest products industry, an essential component of the nation's economy sustaining businesses, families, and rural communities since its founding, is comprised of more than 34,000 employees and 400,000 forest landowners; and

WHEREAS, close to one-third of the nation's land is forested, with 14 million acres in Missouri alone, the vital importance of the industry underscores the necessity for intelligent management of the over 736 million acres of America's forest land; and

WHEREAS, the forest products industry relies on forest resources to make this state one of the leading producers of wood flooring, staves, furniture, cabinetry, lumber, pallets, charcoal, and other wood products, and to meet society's increasing demand for wood and wood-related products important to our nation's quality of life; and

WHEREAS, America's forest products companies have made considerable capital improvements in recycling, and the industry nationally has voluntarily set a goal to recover 50% of the paper it produces; and

WHEREAS, Missouri's forest products industry, in recognition of its stewardship responsibilities in nurturing the forest resources, has pledged itself to the continuing principles of sustainable forestry by initiating the "Sustainable Forestry Initiative Program", a comprehensive program committed to responsible environmental stewardship of the forests, water resources and wild life; and

WHEREAS, the goal of the Sustainable Forestry Initiative Program is to educate the public as to the importance of industry leadership in voluntarily protecting these valuable resources, and to promote and monitor the progress made toward this worthy goal; and

WHEREAS, the Missouri Forest Products Association's members are actively demonstrating a commitment to the principles of sustainable forestry and are benchmarking this commitment by implementing Sustainable Forestry Initiative Program principles and practices, such as prompt reforestation and protection of water quality and wildlife habitat:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-first General Assembly, First Regular Session, the House of Representatives concurring therein, recognize the Missouri Forest Products Association's member companies, forest landowners and loggers and the state's forest products industry for its commitment to the responsible use of natural resources, and commend the creation and implementation of the Sustainable Forestry Initiative Program as a means to this end; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare copies of this resolution for the Missouri Forest Products Association.

In which the concurrence of the House is respectfully requested.

(4) Cooperate and collaborate with governmental entities whose boundaries adjoin those of the district to assure that any taxicab or taxicab company neither licensed by the commission nor officed within its boundaries shall nonetheless be subject to those aspects of the taxicab code applicable to taxicabs operating within the district's boundaries;

(5) Contract with any public or private agency, individual, partnership, association, corporation or other entity, consistent with law, for the provision of services necessary to improve the quality of taxicab service within the district;

(6) Accept grants and donations from public or private entities for the purpose of improving the quality of taxicab service within the district;

(7) Execute contracts, sue and be sued;

(8) Adopt a taxicab code to license and regulate taxicab companies and individual taxicabs, and provide for the enforcement of such code for the purpose of improving the quality of taxicab service within the district;

(9) To enact the taxicab code under power of law with the authority granted the commission to cause both the civil and criminal prosecution of those failing to comply with the code's licensing, inspection, and other regulatory requirements, including the agreed upon delegation by the commission of prosecutorial and judicial functions to those existing bodies currently so serving the respective city and county which comprise the district;

(10) Collect reasonable fees in an amount sufficient to fund the commission's licensing, regulatory, inspection and enforcement functions; and

(11) Establish accounts with appropriate banking institutions, borrow money, buy, sell or lease property for the necessary functions of the commission.

67.1814. To implement internally the powers which it has been granted, the commission shall:

(1) Elect its own vice chair, secretary and such other officers as it deems necessary, make such rules and regulations as are necessary and consistent with the commission's powers;

(2) Employ a director and necessary staff, fix their compensation, and establish the scope, benefits and other terms of such employment;

(3) Provide for the expenditure of funds necessary for the proper administration of the commission's assigned duties;

(4) Convene regular meetings of the entire commission as often as is deemed necessary by the commission members; and

(5) Make decisions by affirmative vote of the majority of the commission; provided, however, that at least two city appointees and two county appointees must be included in such majority and provided further, that the chairman of the commission may vote to break any tie votes.

67.1816. Following the appointment of the commission, the regional taxicab commission shall meet for the purpose of establishing and adopting a district-wide taxicab code. In promulgating the taxicab code, the commission may seek to preserve within the code the provisions of chapter 8.98 of the city's municipal ordinance and chapter 806 of the county ordinances, both relating to taxicab issues such as licensing, regulation, inspection, enforcement and rate setting while avoiding unnecessary overlaps or inconsistencies between the ordinances. The commission will present a draft of its district-wide taxicab code at public hearings, at least one of which will be held in the city and another in the county, following extensive prior public notice of same. The commission will adopt its taxicab code no later than one hundred eighty days after the appointment of the initial set of commission members. The commission shall have the power to amend the taxicab code from time to time following the initial adoption thereof without the requirement of public notice or hearings.

67.1817. The commission shall further seek the input of the city, county and airport commission generally regarding the taxicab code and, particularly with reference to airport taxicabs, shall seek to insure:

(1) Continuous, smooth airport service during any transition period from the current city and county operation to the new regional taxicab commission;

(2) Twenty-four hour a day, seven days a week availability of service to both the main airport terminal and east terminal; and

(3) Airport commission involvement as to the servicing of the airport by taxicabs. The commission shall regulate neither the airport nor airport taxicabs with reference to cab parking, circulation, cab stands, or passenger loading at the airport nor the payment by airport taxicabs for use of the airport or its facilities.

67.1820. The city and county's ordinances relating to taxicabs, as well as ordinances adopted by municipalities within the county, shall remain in full force and effect, and be enforced as such by the city and county, until one hundred twenty days after the regional taxicab commission adopts its taxicab code, at which time such city and county ordinances shall be deemed to be rescinded. Thereafter all licensing, regulations, inspections of taxicabs and enforcement of the taxicab code shall rest exclusively with the regional taxicab commission; all taxicabs subject to the taxicab code shall be required to comply fully therewith, notwithstanding any previously issued licenses or certificates of convenience; all available taxicab licensing, inspection and related fees previously collected and remaining unspent by other jurisdictions shall be immediately paid over to the regional taxicab commission for its future use in administering the taxicab code. The provisions of this section notwithstanding, existing municipal regulations relating to taxicab curb locations and curb fees, as well as local business licenses which do not seek to regulate taxicab use, shall not be preempted by the taxicab code except by agreement between the commission and applicable municipality.

67.1822. The commission shall establish as part of the taxicab code its own internal administrative procedure for decisions involving the granting, denying, suspending and revoking of licenses. The commission shall study and take into account the number of existing taxicab licenses within the district in considering new applications for such licenses. The internal procedures set forth in the taxicab code shall allow appeals from license related decisions to be conducted by independent hearing officers. To the extent authorized in the taxicab code, the findings of such officers may, in turn, be reviewed by the administrative hearing commission pursuant to chapters 536 and 621, RSMo. The regional taxicab commission shall be included pursuant to section 621.045, RSMo, as an agency from which certain decisions may be subject to hearings before the administrative hearing commission in accordance with the standards set forth in section 621.045, RSMo.

67.1823. The regional taxicab commission shall initially establish, subject to public hearings thereon, an annual budget required for the effective implementation and enforcement of the taxicab code, taking into account staffing requirements and related expenses as well as all revenue sources, including collection of fees previously paid to and unspent by other enforcing jurisdictions and future fees projected to be collected by the commission. Recognizing the elimination of duties and costs associated with the regulatory and enforcement functions of taxicab administration previously borne by the city and county and being assumed by the commission, the city and county shall have the authority to appropriate additional budgetary funding for the commission's needs.

67.1825. 1. The regional taxicab commission shall, before the second Monday in April of each year, make an annual report to the chief executive officers and to the governing bodies of the city and county, stating the

conditions of the commission as of the first day of January of that year, and the sums of money received and distributed by it during the preceding calendar year.

2. Before the close of the regional taxicab commission's first fiscal year, and at the close of each fiscal year thereafter, the chief executives of the city and the county shall appoint one or more certified public accountants, who shall annually examine the books, papers, documents, accounts and vouchers of the commission, and who shall report thereon to the chief executives of the city and county and to the regional taxicab commission. The commission shall produce and submit for examination all books, papers, documents, accounts and vouchers, and shall in every way assist said certified public accountants in the performance of their duties pursuant to this section."; and

Further amend said title, enacting clause and intersectional references accordingly.

Further amend said bill, by amending the title and enacting clause accordingly.

On motion of Representative Jetton, **House Amendment No. 8** was adopted.

Representative Hosmer offered **House Amendment No. 9.**

House Amendment No. 9

AMEND House Substitute for House Committee Substitute for Senate Bill No. 125, Page 111, Line 24, by adding at the end of said line the following:

"304.010. 1. As used in this section, the following terms mean:

(1) "Expressway", a divided highway of at least ten miles in length with four or more lanes which is not part of the federal interstate system of highways which has crossovers or accesses from streets, roads or other highways at the same grade level as such divided highway;

(2) "Freeway", a limited access divided highway of at least ten miles in length with four or more lanes which is not part of the federal interstate system of highways which does not have any crossovers or accesses from streets, roads or other highways at the same grade level as such divided highway within such ten miles of divided highway;

(3) "Rural interstate", that part of the federal interstate highway system that is not located in an urban area;

(4) "Urbanized area", an area of fifty thousand population at a density at or greater than one thousand persons per square mile.

2. Except as otherwise provided in this section, the uniform maximum speed limits are and no vehicle shall be operated in excess of the speed limits established pursuant to this section:

(1) Upon the rural interstates and freeways of this state, seventy miles per hour;

(2) Upon the rural expressways of this state, sixty-five miles per hour;

(3) Upon the interstate highways, freeways or expressways within the urbanized areas of this state, sixty miles per hour;

(4) All other roads and highways in this state not located in an urbanized area and not provided for in subdivisions (1) to (3) of this subsection, sixty miles per hour;

(5) All other roads provided for in subdivision (4) of this subsection shall not include any state two-lane road which is identified by letter. Such lettered roads shall not exceed fifty-five miles per hour unless set at a higher speed

as established by the department of transportation, except that no speed limit shall be set higher than sixty miles per hour;

(6) For the purposes of enforcing the speed limit laws of this state, it is a rebuttable presumption that the posted speed limit is the legal speed limit.

3. On any state road or highway where the speed limit is not set pursuant to a local ordinance, the highways and transportation commission may set a speed limit higher or lower than the uniform maximum speed limit provided in subsection 2 of this section, if a higher or lower speed limit is recommended by the department of transportation. The department of public safety, where it believes for safety reasons, or to expedite the flow of traffic a higher or lower speed limit is warranted, may request the department of transportation to raise or lower such speed limit, except that no speed limit shall be set higher than seventy miles per hour.

4. Notwithstanding the provisions of section 304.120 or any other provision of law to the contrary, cities, towns and villages may regulate the speed of vehicles on state roads and highways within such cities', towns' or villages' corporate limits by ordinance [with the approval of the state highways and transportation commission]. Any reduction of speed in cities, towns or villages shall be designed to expedite the flow of traffic on such state roads and highways to the extent consistent with public safety. The commission may declare any ordinance void if it finds that such ordinance is:

- (1) Not primarily designed to expedite traffic flow; and
- (2) Primarily designed to produce revenue for the city, town or village which enacted such ordinance.

If an ordinance is declared void, the city, town or village shall have any future proposed ordinance approved by the highways and transportation commission before such ordinance may take effect.

5. The county commission of any county of the second, third or fourth classification may set the speed limit or the weight limit or both the speed limit and the weight limit on roads or bridges on any county, township or road district road in the county and, with the approval of the state highways and transportation commission, on any state road or highway not within the limits of any incorporated city, town or village, lower than the uniform maximum speed limit as provided in subsection 2 of this section where the condition of the road or the nature of the area requires a lower speed. The commission shall send copies of any order establishing a speed limit or weight limit on roads and bridges on a county, township or road district road in the county to the chief engineer of the state department of transportation, the superintendent of the state highway patrol and to any township or road district maintaining roads in the county. After the roads have been properly marked by signs indicating the speed limits and weight limits set by the county commission, the speed limits and weight limits shall be of the same effect as the speed limits provided for in subsection 1 of this section and shall be enforced by the state highway patrol and the county sheriff as if such speed limits and weight limits were established by state law.

6. All road signs indicating speed limits or weight limits shall be uniform in size, shape, lettering and coloring and shall conform to standards established by the department of transportation.

7. The provisions of this section shall not be construed to alter any speed limit set below fifty-five miles per hour by any ordinance of any county, city, town or village of the state adopted before March 13, 1996.

8. The speed limits established pursuant to this section shall not apply to the operation of any emergency vehicle as defined in section 304.022.

9. A violation of the provisions of this section shall not be construed to relieve the parties in any civil action on any claim or counterclaim from the burden of proving negligence or contributory negligence as the proximate cause of any accident or as the defense to a negligence action.

10. Any person violating the provisions of this section is guilty of a class C misdemeanor, unless such person was exceeding the posted speed limit by twenty miles per hour or more then it is a class B misdemeanor.

304.062. Notwithstanding the provisions of sections 304.010, 304.120, and 304.130, and any other provision of law to the contrary, a school board may recommend to the municipality in which such school board is located a regulation governing the speed of vehicles on any road within an area designated as a school zone, and the municipality in which such school board is located may adopt such recommended regulation by ordinance without the consent of the state highways and transportation commission. Any such reduction of speed in an area designated as a school zone shall be designated to promote public safety.”; and

Further amend the title and enacting clause accordingly.

Representative Hosmer moved that **House Amendment No. 9** be adopted.

For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225, RSMo, are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is "a person difficult to employ" as defined by section 135.240, RSMo, and investment tax credits at the same amounts and levels as provided in subdivision (4) **of subsection 1** of section 135.225, RSMo;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, RSMo, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245, RSMo, for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471, RSMo, who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (9) of section 135.100, RSMo;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the

end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;
